Zusammenfassung :

Alex Jones Introduction: history of the human race and tribalism Christian Western ethic of transcending tribalism and having a

tribe of love and of helping others

Targeting Whites with cultural guilt to accept the larger **New World Order** agenda.

Erase words and create a new dark age of ignorance

The **New World Order** controls all the sides, keeps us tribal, wages war against the black community

David Duke is the mirror image of the spectrum that is promoted by La Mancha La Raza and the black supremacist groups

Humanity being paved over by the Hollywood culture of death

I want to get people outside the box to see the prison economy

David Duke Introduction: who the real elite is in this country and the world that is truly an enemy of all mankind?

There exists a vicious hate propaganda and racism against the European Americans.

European Americans have about a 1.6 birthrate which means we are losing a quarter of our people every generation.

European Americans have no control over the media, the banking system, the Federal Reserve, our foreign policy or even our politics

Over the past three decades every Federal Reserve chairman and vice chairman has been a Jewish supremacist

Zionism absolutely is a Jewish supremacist phenomena. It is a racist phenomena

How the Jews have become the American elite

Goldman Sachs, the biggest predator, the most evil predator, international bank in the world

Goldman Sachs, the chief corporate contributor of both the Democrats and the Republicans

Paying women not to have men in the house literally destroyed the black community

Blacks and Whites are victims of this Zio control of our media

Every one of the ten largest Hollywood studios of movies and television are all Jewish controlled

What do you think of Donald Trump?

I don't know if I can trust him, because he has been involved with the Zionists.

Orwell talked about the controlled opposition

In the 1960s, as a young teen, I began to realize that

European Americans were going to become a minority in this country.

Jewish divide and conquer strategy

What is your view of Adolf Hitler? The West funded the rise of Hitler

No evidence at all that western nations supported the rise of Hitler

So everything is the Jews fault?

Public gender neutral bathrooms

They are in a race to Balkanize us

The KKK was not the author of **Planned Parenthood**.

We have a repeating cycle of poverty in America

There is a problem with White birthrates in America.

Jewish racism and tribalism is the real supremacy on the planet earth

The people being genocided are the European people. **Our birthrate now is 1.6 per couple**

Sexual degeneracy, the lesbian and gay agenda is 98% dominated and controlled by Jewish extremists.

Every major Jewish organization in America supports gun control

“Kill White people and get paid for it, what’s not to like”.

Jews dominated the world wide slave trade for two thousand years!

There is a Jewish campaign to make Whites a minority everywhere they live

David, were you a “*goblin Cyclops*” before you were a dragon?

I think the war between the States was not a civil war.

The South might have won the war if it wasn’t for Judah P. Benjamin

Rabbi Yosef compared gentiles around the world, black people as well, anyone who is not a Jew, with a donkey.

David Duke is basically saying there is a world wide Jewish conspiracy

Putting fluoride in the water to reduce fertility of everybody and to reduce IQ

What should be done with the Jews if you are right?

PART 2 33

What’s my position on fluoridation? I’m absolutely against it.

Dukes position on eugenics

The Monsanto family was a huge Jewish slave holding family

Alexander Solzhenitsyn on the greatest mass murder of all times by Jewish communism.

The chief financial supporter of the Bolshevik Revolution was the Jew Jacob Schiff

The Jew Yagoda killing 10 million Christians in Russia

Jewish terrorism in the **Lavon Affair**

The deliberate attack on the **USS Liberty** by Israel

Jonathan Pollard and the most damaging spy case in American history

Looking out into the future, where do you see the world in 10, 20, 30 years

If this continues to go on, exactly the same kind of conditions that under Jewish-led Bolshevism in Russia.

Gulags and the destruction of our people

The “Jewish” takeover of America

WW II was a destructive war against European mankind that could have been avoided.

'67 **Jacob Javits**, led the fight for the opening of our borders to change our immigration law in,

Some say Catholics are in control of everything
 I don't care if you are black, White, Asian or whatever
 You wouldn't tell me what Grand Cyclops, Grand Dragon meant.
 I mean those are serious questions

Our people are facing real genocide. We are facing the loss
 of our own countries
 Every major Jewish organisation supports this destruction of
 America
 There are more Jews, at Harvard and the Ivy League, 2% per
 cent of the population, than there are our 70%
 In my book "***The Secret Behind Communism***" I prove that the Russian revolution was
 overwhelmingly a Jewish movement.

Oh! You never answered the question about the whole Catholic conspiracy

It's not the Catholics who own and control the Hollywood
 destructive media. It's not Catholics who control the
 international banks
 Christian Zionists, I feel for them, I feel pity for them. That they've been so brainwashed by
 the Jewish media

I'd love to hear Duke's opinion about Vladimir Putin
 This idea of Jewish supremacy and control of the world, has
 been around a long time
 Man, I just, it's just Jew, Jew, Jew, Jew, Jew.
 What about the Rockefellers and the Nazis?

The Rothschilds, by the way, bought off Winston Churchill, a
 gentile collaborator
 They have ethnically cleansed 600,000 Palestinians
 The reason we've supported ISIS, is because Israel saw Syria
 as an enemy

Are you a Christian?

Yes I am.
 Jews were the ones, in fact, who crucified Jesus Christ
 Jews have been an enemy of the rest of mankind for a long
 time.

David Duke, very wolf like. Nice little friendly wolfie. My, what big eyes he has.

Hier ist die Zusammenfassung zu Ende und es geht weiter mit der Mitschrift des gesamten
 Gesprächs. Alex Jones spricht am Anfang zehn Minuten zur Einführung und dann wechseln sich
 Alex Jones und David Duke beim Sprechen ab.

Ende der Zusammenfassung ---

0:00:00

Voice Over: He's the T-Rex of political talk! Alex Jones on the GCN radio network!

Alex Jones: I'm just going to be completely honest, as I'm always am, teleprompter free. Telling it like it is. I'm going to be completely honest with why I have got Dr. David Duke, the former Ku Klux Klan Grand Dragon, joining us for the full hour, into the next hour, if he will stay with us.

I think it's best to start this interview, this debate, this discussion, this way.

I never had people like Dr. William Pierce or David Duke on the show because I did not want to have a Jerry Springer type program or a Rivaldo Riviera type program. If I just wanted ratings I could be a shock jock, and you know, just be a co-host with Howard Stern. I mean literally they have talked to me about a slot on the Howard Stern show. That is not what I have attempted to do. And I thought bringing people on like David Duke would just stir people up, and I've always been about trying to get people to transcend tribal, racial, systems.

And to have a tribe of humans based on upward mobility, based on renaissance, based on promoting ideas of quality. Based on systems of liberty, and freedom, and private property, and free association.

Because humans are tribal. Humans are based on clans, on families, on tribes, on groups. If you didn't have that tribal system you would never have had the Greeks or the Romans, or the Aztecs, or the

Shoguns, no one. You have the Chinese trying to invade the Japanese.

You have the Japanese invading the Chinese, you have the South

Koreans hating the North Koreans. You have one African tribe attacking another African tribe because they are across the river.

[Page 2]

And mainly if you read human animal psychology, Konrad Lorenze, Desmond Morris or any of the basic stuff, it's true. The more

aggressive a mammal species the more loving and sweet it is in the den. And so in your tribe you are not killing each other you are loving each other. If someone does attack someone for no reason, the tribe will ostracize them or kill them. But you are a predator that preys on animals.

Well, as human populations got bigger 6,000 years ago, as we became agrarian, I'm going to go to Duke in a moment, this is my preface, we began to wage war against each other. And to be able to go over the mountain and rob and kill the men and take the woman. So much of conquest was about getting more women. It didn't matter if it was native Americans raiding settler villages to get their women and children, or whether it was the Romans doing it, it's the same human system.

And you have to demonize who you are going to loot, who you are going to steal from, who you are going to overtake and who you are going to control. And that is a human condition? It's a human attribute from those primitive times. Is it an attribute in modern times?

We are sold on the idea that we need to be color blind, love everyone, be guilty, and pay all the taxes, accept the Obamacare and turn our guns in, or we are racists.

[Page 3]

And so the Christian Western ethic of transcending tribalism and having a tribe of love and of helping others, that is truly transcendent and altruistic, that was produced in the West, exported to the world,

created modern civilization and all the good things we have. Ninety per cent of it comes from Western culture. No one can debate that.

And so the Christians promote the end of slavery, the end of serfdom in the last 300 years in Europe. It has ended worldwide except for areas of Africa and the Middle East where it still goes on and is cute and funny because it's not White people doing it. It's like when Muslims are putting hoods on women's heads, radical Muslims are chopping their genitals off, it's cute because it's their culture. Or when the Aztecs were chopping hearts out, it's not bad because it's part of their culture.

But if Whites have a crooked toenail, it's evil!

Why is this being done? It's being done because Western culture is the dominate culture and if you can dominate it you dominate the world.

And the eugenicists are targeting blacks, hispanics, Whites,

everybody, but they are targeting Whites with cultural guilt to accept the larger **New World**

Order agenda.

And I don't debate that, no one can.

0:05:08

They are trying to ban the word "*master*" in colleges. "*Masters Degrees*", "*Masters*" in golf. It's nothing to do with slavery, it's about how to erase words and create a new dark age of ignorance. Headline, infowars.com, "*Yale professors, students leaving campuses over racist word, 'master'*". Infowars.com, today.

[Page 4]

Biggest gay lobby group in America urges schools to ban the words,

"*boy*" and "*girl*", saying it's hateful. See, normal human biology is under attack. This is a scientific takeover. So, yes there is a war on White people. But the very same liberal **Ford Foundation**, **Rockefeller Foundation**, technocrats, that are doing this, funded **Planned Parenthood**, funded the **Kaiser Wilhelm Institute**, funded the **Ku Klux Klan** and created the world that we see today. And that's what I'm saying. It's a spectrum where the **New World Order** controls all the sides, keeps us tribal, wages war against the black community. From 15% illegitimacy to 87% illegitimacy. From 5% in prison to 78% in prison.

I mean just, what they have practiced on the blacks, they are doing to everybody. So I'm going to give, and I'm going to skip this network break coming up, I'm going to give Duke the floor here because I've had my 5 or 6 minutes. I have no idea what he's going to say. To say what he has to say. But here's what I'm getting at.

The political correctness is such an open cult of ending freedom, of ending true liberalism, of ending free speech and creating class warfare and fusing racial consciousness into class warfare and

whipping up giant exported populations to break and further destroy the West. And interactive genocide against the ideas of the West. That, the reason I would have a David Duke on is not that I agree, with what he is overall doing, but because he is the mirror image of the spectrum that is promoted by La Mancha La Raza, the black supremacist groups and all the rest of it.

And so he should have a show on **NBS NBC**, right next to Al Sharpton, because they are two people basically promoting the same thing at the end of the day. And he may disagree with that, I don't think that David Duke believes what he's doing is bad in the final equation. He believes he's a hero, a White knight on [in] shining armor fighting against the global culturalist jihad, or corporate override of civilization. And undoubtedly that is happening. But I see humanity being paved over by the Hollywood culture of death across the board. I see blacks targeted by the Left who I have been around privately when they say, "*We hate black people*". So there is a paradox here, where the truth is the Left needs David Duke to point at, so that they don't actually get the scrutiny and people actually realize that these people are a thousand times, if you believe David Duke is wicked, a thousand times more wicked than he is.

[Page 5]

Now David, we will give you the next hour or two if you want. So we can each have 5 or 6 minutes, at a turn here, going over this. But that's where I come from here, and that's where this world is going. I want to get people outside the box to see the prison economy, how they have divided us into different groups to play the part of the referee. So David Duke of davidduke.com, joins us. If you want us to do your bio [biography]. Everyone knows about your PhD in history, author of a bunch of best selling books and have been a Grand Dragon Wizard, and all the rest of it. I'm not going to start making jokes about that, but I thank you so much for joining us today and I hope we can have a good debate here.

0:09:03

David Duke: Well, I hope so and if you give me a chance to talk that would be great and I look forward to a real discussion about some of the basic issues, because I'd like to get down to the bottom today, of who the real elite is in this country and the world that is truly, as you say, and it's totally true, they're an enemy of all mankind. And I think for them, and you even said this as well in the first part of the show. Is that they want to, in some ways go against European peoples because they want to control the West and the power of the West. And I think that's why we are in these wars in the Middle East, really wars for Israel, and wars for the globalist powers.

[Page 6]

But I'm not a carbon copy or a mirror image of Al Sharpton. The truth is that there is a racism that dominates America. A supremacism. But it is racism, vicious hate propaganda and racism against the European Americans.

0:10:06

And as far as eugenics as far as limiting births the real population explosion, Black people have a much higher birthrate than even

Whites. Mexicans have a much higher birthrate than even African Americans. European Americans have about a 1.6 birthrate which

means we are losing a quarter of our people every generation.

The population explosion in the world is an African explosion.

The United Nations just recently put out a statistic showing that by 2050 they will be 1.3 billion Africans. And that is almost entirely because of the massive birthrate, so, I don't believe that these globalists are intentionally trying to limit the birthrates of African American..., of Africans or African Americans or whatever.

The truth is, the only people on the planet who are losing their numbers, who of course it is only what nations that are being

massively invaded by immigration which the globalists and the

Zionist have set up and dominated in the United States, Canada, Australia and every European nation today is under attack.

And I believe that is because our people don't have any longer, have control over the media, they no longer have control over the banking system, the Federal Reserve Bank. They no longer have control over our foreign policy or even our politics.

The biggest contributors to politics are absolutely Zionist, and I can prove that and documents that.

And the Federal Reserve, we have had three decades now of Federal Reserve Chairmen, in fact I have a graphic that I have uploaded to your site today, I hope your engineer can put it up, with the Federal Reserve. The FED.

[Page 7]

And over the last three decades every Federal Reserve chairman and vice chairman has been a Jewish supremacist, a Jewish Zionist.

There's no argument about that fact. Not a single non Jewish head of the Federal Reserve banking system. And that is the ultimate banking power in the world.

If you want to talk about international finance there is no more powerful force in the world than the Federal Reserve.

And these are all Jewish activists. Now I don't say every Jew, and I agree with you, not every Jew is acting against European Americans or against people of the world. But we do know that Zionism absolutely is a Jewish supremacist phenomena. It is a racist phenomena.

They kicked 600,000 people out of their lands. Stole their land, have violated them, have

murdered them, and tortured them. Periodically killed thousands of women and children and maimed them, in Israel.

They are the Power.

But for them to have the power, Israel wouldn't exist and the Jewish supremacists would not exist except for the fact that the Jews have basically, and I believe this, they have taken over the American elite.

And now when I say this, there is another graphic I have uploaded already.

I will show you a graphic from the New York Times. Mr. Brooks, Mr.

David Brooks, one of their leading columnists, in which he literally talks, he talks about an article in a thing called, "the chosen getting in", and he literally speaks about a Jewish taking over the American elite and how the Jews have become the American elite. So if you want to talk about the elite in this country I believe they are tribalists.

[Page 8]

And, I'm not an image, a mirror image of Al Sharpton because it is, I believe, it is my people that are going to become a minority in the world. Now I respect all people and if I was president of the United States I wouldn't be having this Globalist agenda. And I certainly would not be invading these countries in these wars for Israel, Iraq and Afghanistan. I certainly would not be supporting the Goldman

Sachs of the world. That's the biggest predator, the most evil predator, international bank in the world.

It is a Zionist institution and that it not only controls international banking, or has a great effect on it and it literally picks who is going to be in our Treasury Department, basically, and the power in the federal reserve. It is an Zionist operation and it is also the chief corporate contributor.

Take a look at the Goldman Sachs again, the, what I have showed you, it is the chief corporate contributor of both the Democrats and the Republicans in the United States of America.

Alex Jones: Now I won't debate you there. I'll just interject for one minute and then you can come back for two minutes, just let me continue. Let me just interject.

David Duke: Sure.

[Page 9]

Alex Jones: When I say mirror image, I meant from his perspective.

He promotes all the race based stuff. From your White perspective that is going on, and I'm saying the rhetoric out of **La Mancha La Raza**. La Raza means the race. You promote stuff that is race based.

And so that is what I'm trying to get at here. So when you talk about eugenics, Margaret Sanger, **Planned Parenthood** was set up in her words, I can pull up her letters if you want, saying that it was to target black people. 52% of black people are never born in this country.

00:15:00

I know there's giant Third World explosions going on in Africa, that's two separate things. I was saying, and I'm not saying the eugenicists are being totally successful or totally in control, I was getting at, how do you square, Margaret Sanger, **Kaiser Wilhelm Institute**, awards to Hitler and getting awards from Hitler and his pals. The Left loves her and I'm saying the Left is really a bunch of shadow controlled freaks, ultimate racists who have gone in and taken over the black community as a beta test and ruined it and pushed every weaponized media form you can imagine and the whole gangsta culture. I mean who can doubt that paying women not to have men in the house literally destroyed the black community as we know it, compared to what it was.

[00:15:46]

David Duke: There is nobody in America that has talked about that, more than I have. I believe.

Alex Jones: I was unaware of that. I don't follow a lot of what you have to say. I would see snippets on the news, we would have you on.

But, how do you respond to that.

[Page 10]

David Duke: Well, I respond this way. I've talked against that. I really believe, and I truly believe, that blacks and Whites of victims of this Zio control of our media. It's an incredibly destructive culture. They push drugs on our kids. We've seen the black families totally devastated over the last four or five decades. And that is because of the change in the culture. But who runs Hollywood? It's not your European American Christians my friend. Every one of the ten largest Hollywood studios of movies and television are all Jewish controlled.

I can give you the names. We have a graphic here of Jewish pundits like at the *Los Angeles Times*, who is in the middle of Hollywood.

Where he boasts of Jews totally run Hollywood. In the article he lists all the leaders of the Hollywood networks and he says he is insulted when people try to argue, or when even Jews argue that Jews don't control all of Hollywood. He's proud of it, and he goes on to say:

"I don't care if people think we are running the Federal Reserve or international banking, Wall Street, the media, the government. All I care, is that we keep on running them. "

Now this is what they say. I am quoting what they say, so they call me anti-Semitic. I don't believe I am anti-Semitic. I believe I am for the rights of all people, including European people. Now what's going on in this country and Donald Trump is talking about it, and that is why he's got such popularity, right now.

[Page 11]

Alex Jones: That was going to be my next question. What do you think of Donald Trump?

David Duke: Well I don't know if I can trust him, because he has been involved with the Zionists. And he's one of these guys in the Republican debate. We have got a controlled media. We, even FOX

News is like a controlled opposition. Orwell was so great about that.

And Orwell talked about the controlled opposition and in his great book, he talks about the controlled opposition and for some reason he named the controlled opposition, Emmanuel Goldstein. Using two

Jewish names. And I think, the Jewish extremists set up a controlled opposition. And if you was the debate it was like an ambush against Donald Trump. And that was because he was talking about the fact that European Americans are using their rights. People who built this great country, who gave us the foundations of the Bill of Rights. All the things that you believe about being replaced.

And here's the problem. And again I believe in having a kind nation towards all peoples. Supporting all people. I am not for any kind of exploitation. I'll give you an example. The media is so powerful they just can make name monikers. I have never, ever, been a White

supremacist! I believe in equal rights for all people and have always stated that position even back in my Klan days. I was a young man, who back in the 1960s, as a young teen, I began to realize that European Americans were going to become a minority in this country.

Everybody else, when I talked about that said, *"Oh that's baloney, that's never going to happen. "* and we are seeing it right now. We are slated to be a minority. Biden tells the, he's the ambassador himself, that we are going to be a minority and how great it is! We are going to be a minority.

This is a part of the Jewish divide and conquer strategy. And it is a tribal thing. I don't think, there is nothing wrong, with a Jew or any other people on the planet, African-American or Mexican-American or anybody to be ashamed of their heritage. They should be proud of their heritage. They should want to preserve it. That's a very natural, healthy thing. But there is something wrong when people are trying to destroy other peoples and exploit other peoples. And that is what is really going on in this country.

[Page 12]

Alex Jones: Well I want to get your views in on that, because you say you are not in a White supremacist. What is your view of at Adolf Hitler? Because I have, not only in mainline history books, but in the

Nuremberg trials, a lot of German writings as well. I mean the Nazis were really a weird death cult. They really were into all sorts of weird ceremonial magic. They really did think Hitler was God.

David Duke: Well I think, ...

Alex Jones: I mean, I really genuinely know there are two sides to World War II.

David Duke: Yes.

Alex Jones: But the West funded the rise of Hitler. The West signed a secret treaty that has been basically released by the British to back Hitler in a take over of Europe. They had Edward the Eighth ready to be the new king of Europe. They double crossed, but that doesn't mean that Hitler is good. It means that she again, the West, England, British Intelligence, along with some of the US, was setting things up.

Now take Prescott Bush, the head Nazi agent in the US. And their plan for a coup with Smedley Butler. I mean there is all this other stuff going on.

[Page 13]

0:20:21

David Duke: I don't think he had agents in the United States at all.

I'm sorry, but I believe the information you have there is false. Maybe it's planted by the people who [spread] disinformation. The truth is, that there is no evidence at all that western nations supported the rise of Hitler, or any of the gentile establishments in America. The jews were...

Alex Jones: He was on the cover of *Time* magazine! My grandfather remember hearing him in Dallas. They would air him on the radio.

David Duke: They did not promote Adolf Hitler. If you look at the *New York Times*, and our media in America. Even back then the *New*

York Times was dominated... The Jewish publication, the Sulzbergers, had article after article every day of our lives about how evil the Germans were. There were a lot of lies about the Germans to. The fact is, that there was no greater, the internationalists saw no greater enemy than Germany in the Second World War. And both the Zionists on one side, the Zionist jews on one side, which influenced the West, as Charles Lindbergh pointed out, and communist Jews on the other side, supported Marxism. We knew, ...

Alex Jones: So everything is the Jews fault? Do you really believe that?

David Duke: It's not all the Jew's fault. But you got to understand, they have, they have a complete domination of our media, our academia. They have a complete...

Alex Jones: All right. David Duke, is our guest if you have just tuned in. We are going to come back and let you hear from him. This is unfiltered, uncensored. It is live and we are really going to get started into the meat and potatoes.

[Page 14]

[Commercial break]

Alex Jones: You know, we should open the phones up somewhere in the next hour, if David Duke stays with us. You can call in. People who disagree with him, people who agree with him. I've just tried to stay out of all this stuff the years. I just promote free market, lower taxes, school choice, sovereignty, so that people could make their own decisions. But it's clear the ruling elite in the West, whoever they are.

It's a mix of groups. Are pushing weaponized media. Where they now say the word "*boy and girl*" is hateful, so ban it in schools. And it is happening. And I saw a public gender neutral bathroom yesterday.

And I had my daughters with me and we couldn't use it. And I talked with my daughters about it and they said,:

"Yes, we don't want to go in there with other men!"

I was talking to a lady about it last night and she goes:

"Yah, I ran into one of those now, and you go in there and they are all men in the bathroom, and there are guys at urinals right beside you."

You know, in all cultures men and women stay separate for a reason.

That's just the way it's always been. This is an attempt, what I'm saying, this is beyond what David Duke is saying and people freak out about what he says. It's just milquetoast, compared to what MTV

promotes. I mean, look at these headlines.

[Page 15]

"Yale Professor: Students leaving campus over racist word

'master', educator calls for ban of the word over the racist and gender weight it carries."

It's about controlling words.

"Biggest gay lobby group in America urges schools to ban the words 'boy' and 'girl'."

"Danish politician convicted for racism for offending Muslims."

"Blood money, Planned Parenthood has politicians completely paid off, media in it's pocket."

"California Green Party promotes free slaps for straight White men."

I mean, this is just a bunch of people organizing their own weird tribes, freaking out over their sexual preferences. I mean this is a society in decline.

"School told to call kids purple penguins because 'boys and girls' is not inclusive to transgender."

"Nebraska school bans the term 'boys and girls'. To train teachers to avoid, 'gendered expressions'."

I mean, this is a cult. Where they can tell you what to believe, what to say, and how to talk and arrest you if you don't do it. These are totalitarians. And it's anti-human. And it's out of control.

Let's say the government sets me up. Like they did to David Duke.

And I don't agree with a lot of what David Duke has to say. But I remember looking at his case in the news, when it happened and

knowing that the IRS, you know, that he had a tax exemption that shouldn't be tax exempt, for his group. Which they are supposed to issue the tax exemption for a political organization or a cultural organization. And they put him in jail for years! And now they are putting tens of thousands of conservatives and libertarians.

[Page 16]

0:25:00

Alex Jones: Now first they came for the Grand Dragons, and then they came for the pro-gun groups, and then they came for the veteran groups, and I didn't stand up, so then they came for your property rights groups. And the emails have come out that Lois Lerner is targeting conservatives, libertarians.

So, the point is, if I got thrown into prison, they would say, you are going to the White area. And even if I wasn't racist, against Hispanics and blacks, I inherently don't know who they are individually. It doesn't matter. They have been put into racial groups and have been turned into racially organizations by the government by design. And I think that's what I'm saying. That it transcends all this, whoever the ruling elite are, and there are different power groups. They are using divide and conquer clearly to control. Don't we need to point out that the Left is promoting racism and division and then not go join our own racial groups to play into their game. But transcend it and try to come together. Because they are in a race to Balkanize us. That is what the elite wants. And economically even if you want to segregate yourself they are going to try and not let you do it.

So, I'm simply here, really trying to have sophisticated thought. I'm not saying that David Duke is not sophisticated. I just heard all this over and over again. And I've also experienced at the hands of the anti-Mason groups, the anti-Catholic groups, the anti-Jew groups, where they give just God like superpowers to whoever they believe runs everything. And so, therefore I'm Jewish because I've been successful, or I am only successful because Jews tell me what to do and I'm on the hotline to Tel Aviv.

[Page 17]

You know there is no discussion, there's a bunch of diverse Jewish organizations and groups, different types of Jews, leftist Jews, right wing Jews, Jews that criticize Israel, Jews that don't.

It all becomes one big monolithic thing. And so I'm really am trying to figure out what is happening here.

David Duke is our guest I've talked for about four minutes here. I'm going to throw it back to him, so that folks see where he's coming from. All I am saying is that David Duke isn't taking over.

Leftist organizations, whoever runs them, are fantastical in what they push now. I don't want to turn my guns in, I'm deeply racist. I'm against Obamacare, it's a screw job written by offshore insurance companies, I'm racist. I mean, this has been said on CBS NBC. No proof. So it doesn't matter. They have successfully radicalized and racially based their movements. They are going with it and I see the Democratic Party who failed when Republicans passed the civil rights act and the rest of it. Who flipped and then began racially catering to minorities. Running a Klan strategy. But now it's through minorities and successfully doing so.

So, what happens? Americans have been racially divided and then the government can basically turn us all into a giant prison and divide and conquer us. That's where I see this is going. It doesn't mean that we should except that Whites are inherently evil and should be

exterminated. It doesn't mean that we sit here and give up any White culture we have. No, no, we speak out against all of those attacks. But then do we go and suit up in pointed hats? At the end of the day what does that do?

[Page 18]

And then he didn't answer the question. I want to give you the floor for ten minutes, David. I want you to answer this question. You keep acting like there is no connection between Planned Parenthood and White supremacy and exterminationist operations. That is going on, so how do you square up, that behind the scenes the Democratic party. I mean a fellow Grand Dragon, senator Byrd. The Left excepts and

loves him, they don't accept and love you. There is something else going on here, is what I'm getting to, so go ahead.

David Duke: I'm glad you are giving me ten minutes and I hope you hold to that. Because you did speak even over that, but that's OK, and I'll be happy to go...

Alex Jones: No, I just spoke six and a half minutes. Go ahead.

David Duke: I got you. Whatever. My clock says different, but that's OK.

Alex Jones: Well there was a break. A three minute, a three and a half minute break.

David Duke: Well that's right, but whatever. But the point is that, and we could go into this. In fact I'll go to the end of the program for the next hour or two, because you're right. Because I, ... it's the only way feel I can get a clear exposition of all my positions.

But here's the issue about that. First off, the KKK was not the author of any sort of **Planned Parenthood**. What I did and I was in the House of Representatives. By the way, let me make something really clear to you so there is no misunderstanding. Not only have I spoken and been completely opposed to abortion, I also put my money where my mouth is. In the House of Representatives I've voted for the strongest anti-abortion law that has ever been passed by a legislative body in the United States of America. So it's really clear what I stand for.

[Page 19]

00:30:01

Alex Jones: Well good job.

David Duke: Well that's exactly right, but again it shows you the misconceptions people might have. Now here is the point though. I served in the Health and Welfare Committee. And I do believe that massive welfare illegitimacy is something that damages black people and damages the tax payer. We have many married couples who can't afford to have kids because of the horrific tax program and because of a lot of these so called social welfare programs going on. And when I was in the Legislature, I said that, I don't think the this is proper that we educate African-Americans or anybody else, it wasn't based on race, but if you go on the social welfare system, that you should be encouraged to abstain. And if you can't abstain you should be

responsible. If you have children in this system that you are in. Unless your up for education, unless your up for advancement. And that's what we have, a repeating cycle of poverty in America. It's true and it's damaging everybody.

And as I said, there is no problem with black birthrates in America.

There is no problem with Mexican-American birthrates in America.

This is a problem with White birthrates in America.

One of the reasons why is because we have this denigrated society. A lot of White people say:

"I don't want to bring a kid into this world. "

And also they have all sorts of economic hurdles to ride through to be able to have a child today. Whereas the welfare recipient, even though I don't know if it is necessarily true, sees one more illegitimate child as a path to greater benefits, bigger apartments, welfare apartments, more direct payments, more food stamps, that type of thing. I don't think it really helps them overall, but they see that bigger cheque and, it's literally is an incentive. So I said, to qualify for welfare we should at least try to counsel any person on welfare. Especially any person who is not married and who are reproducing these kids without a loving present father, that we should encourage them to either abstain, that's the best thing, or to practice some sort of responsibility and not bring children into this environment that lessens their opportunity, and makes those children that are born, have a greater *chance* (?).

[Page 20]

The reason why ... We spent two trillion dollars on the welfare system in America. I've just done a complete report on this. By the way, people can go to **daviduke.com**. I have a massive archive on this.

They can read about these issues and they can read about all these issues including all what I'm saying about Jewish racism and

tribalism. That's the real supremacy on the planet earth, really. But, the fact is — I've done a big report on it — we've spent two trillion dollars on the so-called war on poverty and have more poverty than ever. We've got more crime than ever, we've got millions of people on drugs, we are not solving these issues. So it's not any sort of genocide to urge people to be responsible. And that's what I did when I was in the legislature, I urged that. Of course I was condemned, ... naturally.

But the people who are committing the genocide in America in terms of Planned Parenthood, meaning the lessening of births. The people who are being genocided in Europe, and this is the fundamental thing that I hope you understand Mr Jones, and I understand. The people being genocided are the European people. **Our birthrate now is 1.6**

per couple, I mean, even 2 doesn't really take care the people that die and aren't able to reproduce or whatever, ...

Alex Jones: You need 2.1.

David Duke: People need, ... Give me my 10 minutes please.

It's certainly, you know, ... This is one quarter of our people being lost. I also believe this is also a pattern of the promotion, ... You talked about all this promotion. It's a good example of this sexual degeneracy, the lesbian and gay agenda and so forth. I can show you, I can prove it to anyone's satisfaction, it is practically, totally, it is 98%

dominated and controlled by Jewish extremists. And by the way, they support Israel, these same extremists support Israel which doesn't even allow a marriage between a man and a man or a woman and a

woman. They don't allow it in Israel. But every major Jewish organization in America, you can go to the Council of

[Jewish] Presidents, of major Jewish organizations, which is a real organization, it has a budget of billions of dollars, all these groups. Every, ... That group puts a policy and they support gay marriage, they support gun control of the American people. You talked about earlier in the show, or a show I listened to a while back, that the Israelis were promoting gun control for America. They support gun control. This is every major Jewish organization in the United States of America. So, we have a tremendous double standard and I ask you why? I ask, why is it that there is this worldwide campaign of hatred and viciousness against Europeans?

[Page 21]

I have another graphic which I can show you. You've shown a couple, let me show another graphic here. This is from the movie **Django**,

which was produced by the Weinstein brothers and this is a perfect example of what is going on in this country and the vicious racism, that is going on. This is a quotation from the movie **Django**, which has the black hero, ... It shows black people, ... By the way, every American native [White] is an evil son of a gun in this movie. And they show black people suffering. If we can take a

look at that clip again, the image. The quotation is, ... the black hero in the movie, for people to admire, goes on:

“Kill White people and get paid for it, what’s not to like”.

My God! And this is produced by the Weinstein brothers. And it’s not just the Weinstein brothers, it’s literally every major, it’s every major Jewish studio. Constantly, they are talking about White slavery. Do you know, Mr. Jones, that for instance, in the world, Jews are less than one tenth of one per cent of the population, of the world. Do you know that their own historians boast about the fact that they have controlled and dominated the slave trade, the world wide slave trade for two thousand years!

[Page 22] **0:35:42**

And that’s in Britannica, in fact. Marcus who was one of their chief historians not only says that the Jews controlled the slavery. They enslaved millions of Europeans over the years. They actually even worked with some of the Corsairs in North Africa, which went and captured Europeans. And they we’re the biggest slave traders even in Muslim countries. They ran the triangular slave trade. There is no argument about it. I can show you in Jewish publications about this.

Now they [Jews] are the world champions of slavery! But what do our Jewish controlled media try to do? They try to create guilt for White people for slavery. When the truth is, in America for instance, under the American union, we only had, we had slavery for, what, ninety years? Or something like that or less than that, even. Okay. And the Jews have been the chief slave traders in the history of the world. The Old Testament says it, in Leviticus, where they literally say:

“you can’t enslave your fellow Jews, but non Jews, you can enslave and you can treat harshly”.

Now, if they have the guts to try to criticize White people for a hundred years of slavery in the United States of America, they had better be the first ones to condemn themselves. But they don’t do that!

The truth is that every nation on earth has had slavery. Every people has enslaved others, every people have been imperialists. I don’t endorse that. I think slavery is wrong and horrible. And I don’t believe even in imperialism. I think that every people have the right to be free.

But the truth is, to condemn European Americans for their role in slavery for a few hundred years is ridiculous. Because then you would have to every nation and the heros of most of the nations on the planet earth. So with have a double, a complete double standard. What we are having in this country is, ...

There is a campaign to make European Americans a minority in this country, a minority in Canada, a minority in Australia, a minority in France, a minority in Germany, a minority in the UK, a minority in Sweden! Little countries that are beautiful in their traditions. This is a massive crime against humanity!

[Page 23]

And I’m not being racist because I am defensive of the things that I love. I love my people, I love my heritage. I know that, ... you know, European Americans created the United States of America. They

wrote our constitution, they give us our Bill of Rights, including our second amendment rights. And you know and I know that if America becomes a minority nation, you think you are going to keep your guns out there, people who are listening to me right now? You know you are not going to keep your guns. Because every major organization of these other groups, like the NAACP, La Raza, the Jewish groups. All those groups support confiscation of your gun.

The demographics of the United States of America and Europe, to me, is the most important human rights issue in the world. And because of those demographics, because the European American elite, ... Ninety percent, European countries, ... It is normal to have Europeans being the elite of a ninety per cent populated by their own. To overthrow that elite, they had to put out this hate propaganda, this self-hate propaganda. And they had to incite the minorities against those Europeans who defended themselves. Like myself. I got over sixty per cent of the European American vote in Louisiana. Twice for the US

Senate, for the governorship of my state. The people knew I wasn’t a racist. They knew I

was a decent person who believed in civil rights and human rights.

But the way they beat me was by inciting hatred in the minorities to get a black bloc vote out there. That's what really going on in this country. And that's what they are using. That's why they are trying to empower this change in America. It's a divide and conquer strategy. In that way you are very correct. But who is dividing and conquering? If it was really just a question of being against everybody, why would they go only against European Americans and why would they support, ... I'll give you one last example, I guess I have one minute left of my ten. I'll give you another example.

[Page 24]

The SPLC, which is a Jewish run organization. A Mr. Cohen, a very anti-White organization, and Mr. Potock are the two major figures in the organization. They condemn me because I want to preserve my heritage, my way of life, my traditions. Even the way that my children and grandchildren will look some day. And the values they have, right.

Well, they condemn, ...

During the time when we had the Steve Scalise controversy, when you had the congressman who came to one of my meetings, ... During that time, they criticized him for simply going to a meeting of European Americans. Right. So here you have, Barbara, excuse me, you have Shulz Wasserman, a Jewish congresswoman who gave a big speech at an international women's group condemning Jewish intermarriage

with non Jews. And by the way they don't use simply a religious qualification for that. They use that in a racial sense. In Israel, a Jew can marry another Jew who is non-religious. Who hates religion. Who is a communist, whatever. Anybody, ... The final determinate in Israel as to whether you can get married is not whether you are a Jew by religion but whether you are a Jew by race!

So, tell me Alex, how in the world, do we have, really, a fair playing field in this country? When the same media promotes the Jewish state of Israel is doing everything they can to destroy European Americans being a majority and really preserving our European American, ...

[Page 25] 0:41:18

Alex Jones: Sure, OK. Listen that's ten minutes and I talked for seven minutes earlier. I can't skip anymore of these breaks, which I've been doing so we will have to go a couple of minutes here, a couple of minutes there and take some phone calls. Do some stuff like that.

And I'm not criticizing you here, but the little debate tactic of constantly implying that I'm not letting you talk. You have talked more than I have this here, unless you count the ads as my time. And that is not my time, those are ads on radio. So you're being able to make your points. You are not being censored, you are not being stopped. So that is not a fair debating tactic to keep implying you're getting cut off. I'm not trying to be negative here, I'm trying to be nice.

David Duke: I just want my time I'm allotted. That's for sure.

Alex Jones: Sure, Exactly. Well there is always this criticism that I'm trying to cut people off. But the truth is I let? ? On other shows. I might kind of rudely interject because I get excited when I say something. I'm not polished, I don't want to be polished. So I think you have been making your points there. Okay.

I've got to talk about a sponsor here. But when we come back. Here's what I'm getting at. I know a ton of Jews who are against globalism, against tyranny, who just want freedom. Who are involved in all sorts of really good things, promoting freedom. And then I constantly see these examples, these charts that are put together, to say, you know, that it's Jews, period.

[Page 26]

I think you can say there are leftist Jews who are, and socialist leaning Jews that are super rich, who are at the core of promoting socialist and communism. I've seen Jews leaders on C-Span say, that Judaism is communism. Well, I've studied the different flavors of Judaism as well as other religions, and that is not even the case. So there is a lot of this stuff going on, so there is some oversimplifying here

happening. So I'm going to make a statement when we come back and get your take on that.

Briefly if you have just tuned in on Alex Jones, this is an interview, a debate with Dr. David Duke. We are going to be having black supremacists on, Hispanic supremacists on. The problem is we have invited them on and

they won't come on. So David Duke did come on the show and I think it's thought provoking. And that is why we are here to do. To get beyond political correctness. Because in political correctness it's okay for Wolf Blitzer, or someone like CIA operative like, Anderson Cooper, to interview David Duke, but then I've noticed if talk radio shows have him on and even criticize him, they go:

“Look, this talk show host who's conservative had David Duke on, and he must be with him!”

Or:

“Look! They use the word ‘master’, ‘master’s degree’. That’s code word for masters and slavery”.

Or:

“‘Brown bags’ in Seattle, means you don’t like black people”.

So there is this hyper obsession with all this and I think it's important to get it all out in the open. Suss it out, debate it. Here's what I'm saying. The West is having 1.3 in Europe on average, it is 1.6 on average in the US, but the global average is about 1.5. Japan has 1.2, 1.3. They're industrialized. They are not having the kids because of the wealth. That's the syndrome, the selfishness of wealth. I'm not knocking wealth, it's just a fact. So I don't think it's a targeting thing that's happening.

[Page 27]

I do think people in the West should have kids. I don't want there be no more Europeans. I think that's a sad thing. I wouldn't want to see,

... Let's get rid of all the Africans. Gee, I'd be sad of Africans were dying. I like human populations. I want to go to space. So that's my statement on that front. I'm trying to transcend just the debate of tribalism. Because when you are being attacked tribally it makes sense to be racially based. I get it. But there is Hispanic, Black, White, Asian, whatever. The point is, couldn't we come together for free market and freedom?

Why does it have to be if America becomes a majority minority country, that we will loose the guns. With the social demographics of Latin American voters they tend to be socialist, or communism voters.

Yes the guns will be taken. I want to reach out to those folks. Because I've been able to wake up people who are Hispanic, or Black. I have a lot of Hispanic and Black listeners that are really awake and get, and they're good people. So, I just want to wake everybody up. I want everybody to succeed. I want everybody to either keep their cultures, mix cultures, don't. Whatever you want to do. I'm a libertarian. That's what I'm getting at.

We are going to go to the break, come back and have David's response for a short five minute segment, then come back again, and then I'm

going to go to a bunch of questions that I've got for him. Also I've got his take on the IRS because he is a political prisoner. I mean they really did target him. They said, “*Good, throw him in jail*”. Well you're a tyrant then, because it can be you next. So that's all coming up.

By the way, we mention that we have the best colloidal silver.

[Page 28]

[Star Wars theme music ... commercial break]

00:46:49

Alex Jones: Well David Duke, a Ph.D. in history and the former Grand Wizard, Grand Dragon, I..., Grand Cyclops? I don't know. I'm sorry I just think it's so funny. David Duke, I'm going to give you the floor for the next four or five minutes before we go to a break, then we'll come back with a whole bunch of questions, other issues you want to cover, where you think the world is going, the economy. But explain to me, and I mean this seriously. Where did all this “*dragon, goblins, Cyclops*” stuff come from? And were you a “*goblin Cyclops*” before you were a dragon?

David Duke: No I never was a goblin, never was a Cyclops, but I am a European American that realized at a very young age that we were going to become monoritized in our own country. That we were going to lose our rights and privileges, including our gun rights. And I've seen a lot destruction of those rights over the years and they are going to continue to go. And as our country goes and as the power of the media goes to brainwash our people and to degenerate our people. All

that is going to continue. And I was a young man I saw this writing on the wall. I didn't win any popularity contest by joining a nonviolent Klan organization. And I thought I could recover the image. Because, originally, the Klan as many Americans said, both North and South, restored the freedom, really, of the southern people and the decency of what's going on in the South, and a very horrible reconstruction period, where European Americans were stripped of all their voting rights. And they were done so without any due process.

[Page 29]

I think the war between the States was, for instance, was not a civil war. That the South was fighting for the same principle of freedom and of independence that the North fought for. In fact the North understood this principle. Robert E. Lee's statue is in the Hall of Heroes in the United States Capitol Building. Jefferson Davis, the first head of the Confederacy, ... While Americans always and respected Robert E. Lee. Today he's being called a traitor. He wasn't a traitor. If he's a traitor then Thomas Jefferson is a traitor, George Washington was a traitor. And the attack on Southern heritage is nothing more an attack on the entire European heritage. Because, now they are talking about taking down statues of Thomas Jefferson who built the civil rights. They talk about taking George Washington's name of public schools. They did that in New Orleans. Said he was unworthy because he had slaves. Well, most of the great heroes of the entire Third World were slave holders. Including an awful lot of Jewish heroes, were slave holders. Just read about Jewish history.

The hypocrisy is unbelievable in this country!

Alex Jones: Well, that's certainly true. Let me interject this.

David Duke: Okay, I'll let you interject, but just let me, ...

Alex Jones: In this hour we are going into discussion.

David Duke: ... [garbled]

Alex Jones: I want to talk a whole bunch about the leaders of the South that were actually Jewish, you are not mentioning those leaders.

Go ahead.

[Page 30] 00:50:00

David Duke: I think not being aware of the Jewish tribalist racism that's been in existence in this world for so long was part of our downfall. I think Judah P. Benjamin for instance, who was a treasurer in the South, just like a lot of Jews involved in America as well. I think he basically ripped off the Southern Confederacy as well. He was in charge of taking the money to safe hold in Great Britain and other places. And he stole! I think he was an extremely damaging element in the South. The South might have won the war if it wasn't for Judah P. Benjamin.

We see this historically, time after time after time. There is no more intensive racism or supremacism than among Jews. The Jewish

Talmud, ... The chief Sephardic rabbi of Israel, and this is a fact. The chief Sephardic rabbi of Israel was rabbi Yosef. He was in coalition with Netanyahu, he literally got on the radio in Israel. He made a statement, that the only of non Jews, gentiles, on earth was to serve Jews. That gentiles are meant to work, to bind, to sieve and dig and Jews were meant to sit and eat. He compared people like yourself and myself, other gentiles around the world, black people as well, anyone who is not a Jew, with a donkey.

"Oh, we want gentiles to have a long life, just like we want our donkey to have a long life, so they can serve the Jew".

They were his words. Now this was not some sort of extreme, strange Jew somewhere in Israel. This guy was in coalition with Netanyahu, in the government. And when he died, Yosef had the biggest funeral in the history of the state of Israel!

Alex Jones: All right, David Duke is our guest, we are debating.

[Page 31] 0:51:46

[Commercial break] 0:52:05

Alex Jones: So David Duke is basically saying to a great extent there is a world wide Jewish conspiracy, that's behind the New World

Order, to push these agendas.

So I would ask the question, would civilization have any problems if the Jews were all sent

in a space capsule to another planet? And I'm going to ask him that question in a moment. In fact I want to go through a bunch of questions for David Duke and he can spend a few minutes here and there in this hour on his views about the different topics he's covering.

And it's fine David, people can go to **davidduke.com** and see your videos and your talking points, and the things that you talk about. And I've heard most of this from other people of your ilk.

I really trying to understand though your world view on things. Where you see things going.

Before we go any further, I have a book [***Ecoscience: Population, Resources, Environment***] here written by Paul R. Ehrlich, A. H.

Ehrlich and Don P. Holdren. And I think those folks are gentiles. One of them is the White House science czar, ... Population, resources and the environment. They talk about putting fluoride in the water to reduce fertility of everybody and to reduce IQ. And I guess you might think I'm a conspiracy theorist, for talking about that.

Here's Harvard:

"Impact of fluoride on neurological development in children; massive IQ reductions".

So that's Reuters.

[Page 32]

What do you think about water fluoridation? Because I just never hear White Nationalists worry about this. And I don't want White babies, black babies, Hispanic babies, or anybody having their IQ lowered 15

to 20 points, suffering bone cancer. Autism was 1 in 25,000 twenty five to thirty years ago. Now it's 1 in 56. By 2025 CDC says it will be 1 in 3.

Something is going on here and I see it as a eugenics operation and I have the documents. When I study the eugenicists, it comes out of the British royalty funding in the 1850s. The movement that created biometrics and computers and a whole world, ... And I see Thomas

Watson and his Hollerith machines and Hitler. And I'm not saying that it's a Nazi conspiracy or a White Supremacist conspiracy. I'm saying it's a scientific cult conspiracy.

My dad had a Jewish professor at UG [University of Georgia]. He was the head of the Botany Department. And he had come over here before World War Two from Germany. And my dad was one of the smartest

in test scores when he was in Junior High School, so he was already in UG. They were assigned there as part of an advanced program. They took 106 of the smartest and then the 5 or 6 of the smartest of those and got invited to dinner. And he was basically told:

"Well it's not like Hitler's eugenics. It's eugenics to better humanity, to kind of control society. Well I'm Jewish but this eugenics is the best thing".

Now of course that was one of the people and the others were gentiles, telling my dad this.

[Page 33]

So all I'm getting at David Duke, is that everything, *"the Jews"*. What happened pre-Jew? Would there be any problems? What should be

done with the Jews if you are right? The Jewish Question. I mean, what's the solution to that, to pose the question that Adolf Alois Hitler posed. And then finally, what is your view of Adolf Hitler?

David Duke: No people, ... And thanks for the opportunity, finally.
You told me five minutes, and it's been another five minutes. That's okay.

Alex Jones: Oh, don't be a cry baby Duke! You are going to get to talk as much as I do. You can bean count all day. You are getting to talk. You are getting to talk.

David Duke: I'm not being a cry baby. I'm just trying to defend my right to make sure I have a fair say here, that's all.

Alex Jones: Then don't spend all your time. I just... [garbled]

David Duke: [garbled]

David Duke: I wouldn't be much of a man, would I? Because I want to make sure that I stand up for myself. As you stand up for yourself.

You're a very manly guy and I'm going to stand up for myself too.

Alex Jones: I think you are standing up for yourself! You are older than me, but you want to have a boxing match. You were a pretty tough guy in prison.

David Duke: I just want my fair time! Come on!

Alex Jones: [chuckling]

[Page 34]

David Duke: Let's go. Look, here's the situation. Let's go through this, what you are talking about. All this scatter now, all this conduct.

We ought to talk about question after question, one at a time.

Alex Jones: Okay, well let's do it.

David Duke: Anyway, let's talk about some of the things, ...

Alex Jones: Adolf Hitler.

David Duke: Well, first you asked me, ... First you asked me. Do I get a chance to answer your question? What's my position on

fluoridation? I'm absolutely against it. I've talked about it many times.

I've written about it. I think it is destructive and poisonous. Now, the book that you mention by the Ehrlichs, and I don't know about the third guy, they absolutely Jewish.

Alex Jones: Wow!

David Duke: There's no, ... I know you say, don't, Jew, Jew, Jew, but let me tell you something. People are amazed. Now if you want to talk about murder, or what you consider eugenics, it depends on what eugenics is. Every family in the natural history of the world, every Christian family, wanted their child to marry a good family, a family with a good record. Healthy people. Some people call that eugenics. I don't agree with causing, I don't believe in sterilizing people.

[Page 35]

Alex Jones: That's natural selection.

David Duke: No, it's not natural selection. What happens is, the people who control society with the way the welfare system is

structured, with the way society is structured, is the we have the least capable people, the least people who can think for themselves and can be free having the most children! And there is no question that intelligence and other aspects of humankind, personality aspects, have an inherited component. That's the truth. I think that Mr. Crick who between who discovered DNA — that was one of the greatest

scientific achievements of all time — and it has led to the savings of literally hundreds of thousands of lives. It altered ways to combat many diseases. I'm certainly opposed to the vaccination, that I think has been poisonous to many people. I'm not in favor of that. So on these positions, and by the way, Monsanto, which I think is one of the worlds great evils, is one more, ...

Do you know who the Monsanto family was? I'm from New Orleans,

I know all about, ... I've got my scholars researching the Monsanto family. I'm going to come out, put out a documentary on it. The Monsanto family was a huge Jewish slave holding family. Forty per cent of Jewish families owned slaves in the United States of America.

Jews all over the world owned slaves and yet there is no guilt for Jews. That's why I bring up the subject because of the tremendous hypocrisy. And it shows you who controls our society.

Let's talk about the real murder and mass murder. The greatest mass murder of the 20th century. I wrote a book about it called, "*The Secret*

Behind Communism". I even interviewed and became friends with the very great Alexander Solzhenitsyn, one of the greatest men, the most courageous men of the 20th century. I have quotes from him.

And he said the reason why the world doesn't know much about the greatest mass murder of all times, is because the world now is in the hands of the perpetrators. Soviet communism was literally almost entirely a Jewish condition, a Jewish promotion. And by the way Jewish Zionists as well as Jewish communists supported it.

[Page 36]

The chief financial supporter of the Bolshevik Revolution was Jacob Schiff, one of the biggest capitalists of the world.

Now why would, ... Trotsky literally sat down with Baron von

Rothschild in Vienna — that's written in Jewish books — why would the leading communism sit down with the leading capitalists? Okay, the reason why was because, whether they talk about capitalism or they talk about communism, what you're really talking about is

Jewish supremacist. They have gained control over both things. And in communism, my good friend, ... We need to talk about this more in your show, my show and in the world. We hear about the Holocaust every day of your life!

You want my opinions on Hitler, how about your opinion and all of our opinions on Yagoda? Who, if you read Jewish publications in Israel they talk about Yagoda. They say we must admit, some of the greatest mass murders in all time were Jewish. They talk about Yagoda killing 10 million Christians in Russia and others. And we had massive, we had 9 million killed in the Ukraine by the Bolshevik Jews. I'm talking about complete domination by these Jewish elements, these Jewish tribalists.

[Page 37] **1:00:06**

David Duke: They talk about Yagoda killing 10 million Christians in Russia and others. And we had massive, we had 9 million killed in the Ukraine by the Bolshevik Jews. I'm talking about complete

domination by these Jewish elements, these Jewish tribalists.

I can prove that. Go to my site, **davidduke.com**, watch my videos on it. And this is not even, ... There are no movies about this horrible massacre of humanity, this attack against Christianity. Of course not.

All you get every day of your life is about Hitler and the six million. I know that there were atrocities done by the National Socialists, but why don't we start answering the question of why we always hear about the six million. Why don't we hear about the ten million Christians? Why don't we hear about the fact that Israel, itself, I quote, "*our ally*", committed terrorism against the United States of America?

[Image] The deliberate attack on the USS Liberty by Israeli planes and torpedo boats on June 8, 1967. In this Jewish Supremacist false flag operation, 34 sailors were killed and 174 wounded.

They admitted their terrorism in the **Lavon Affair**. They literally attacked the **USS Liberty**. No question about it. Our Secretary of State at the time said this specifically, that it was a deliberate attack by Israel. That killed 34 Americans, young sailors and fighting men. They wounded 174. Maimed and burned others. It was an intentional false flag attack. I agree with you, there are a lot of false flag attacks.

Then of course you had the Jonathan Pollard case. Where our Secretary of Defense said it was the most damaging spy case in American history. It caused the death of 200 of our operatives.

Alex Jones: Okay. You got six minutes, I got four [minutes] .

David Duke: Okay.

Alex Jones: What I want to know.

[Page 38]

David Duke: Let me finish. I've got a minute. Our government, is literally freeing Jonathan Pollard now, giving him parole. This guy did more damage than anybody. And yet, this was not a

question. You say the Jews don't control, ... Why would the internationalists support the Jewish racist supremacist state of Israel and the Jewish supremacism over the American media? And the Jewish supremacism over

academia, if was just a bunch of rich people getting together? No!

There are Jewish leaders of the Illuminati, there are Jewish leaders of the CFR, there are Jewish leaders of the Bilderbergs, there are Jewish leaders of the media, and there are gentile collaborators. But those gentiles involved, they know who the real power is. They know the one force that they cannot criticize.

Alex Jones: All right.

I've never had anybody Jewish try to stop me covering the things I do, going over the things I do. And I just sit here today having this discussion with you David. And I do stuff like, talk for four minutes, you talk for six and a half and then you keep saying you get cut short.

So, I just want to establish here, ...

We've got to go to a break here.

That now we are going to have a free for all discussion. Normal banter. Like if you were on Fox News or CNN. Where you talk 30

seconds and I talk 30 seconds. We go back and forth. We interject. We have a discussion.

I want to take some phone calls, unscreened as well.

[Page 39]

David Duke: Sure.

Alex Jones: And so, it is wide open phones.

David Duke: We could put a minute timer on, if your staff could do that. And that would be fair to both of us, if you like to, for each question. Question and comment.

Alex Jones: Sure. Whatever. It's not going to be exact, because in and out is fine. You're getting plenty of time. I just want to stop obsessing on it.

800 259 9231, 800 259 9231 is the toll free number to join us if you have a disagreement or you agree or if you have a question for David Duke. I'm Alex Jones, your host, I'm having a true hard core

discussion here.

Decades ago they would have folks like him come and talk in Universities. Now they are saying don't do it. That's censorship.

1:03:24 [Commercial break] **1:03:42**

Alex Jones: Coming up in the next segment we will start taking some phone calls. This is a short six minute segment.

David let me throw a couple of quick questions out and try to get you to answer them. I'd give this interview a B right now. Maybe I'm not doing the best job, myself, but I just don't want to get stuck on petty stuff. I'm trying to have a real thought provoking discussion and debate with you.

Let me ask you this question.

[Page 40]

Looking out into the future, where do you see the world in 10, 20, 30 years, if these forces you say are running things are successful, versus the type of world that you, as a leader, would like to see. Because it's true what they call anti semitism is on the rise world wide. It's true that there are major backlashes to socialism, communism, political correctness. It's true that political correctness is becoming bizarro freakish. Ban the name, "*boy and girl*". Ban men and women's bathrooms. Ban single parent homes. Agenda 21 zoning. Totally

controlling every facet of our lives. It's true, a great tyranny is upon us.

So, if the tyrants are successful, what will happen? Versus the world you would like to see.

1:05:38

David Duke: Well, I think what you saying is true and I see the same kind of world you are talking about. We are going to have in our country, and Europe, if this continues to go on, exactly the same kind of conditions that under Jewish-led Bolshevism in Russia. We're going to see those gulags and we're going to see those camps and we're going to see the destruction of our people. They are already doing it. I mean, you have got to understand, European mankind, right now, is being steadily wiped out and that is because they see our people as their chief competitor in the world.

And they know that if they destroy the elite in America, and now I want to give another, one

of my graphics, to illustrate this. It's a graphic from the *New York Times*. It's David Brooks again, one of the lead columnists. He literally talks in there about the replacement of the American elite and the "Jewish" quote, the "Jewish" takeover of America. That's the real elite.

[Page 41]

Now this elite is not trying to destroy Jews, in fact they support even the Jewish state in Israel. They are not trying to do anything, in fact you talked about the problems with our family. How about Hollywood that pushes drugs on our kids? I'm talking about hard drug use. It preaches every kind of degeneracy and destructiveness.

And who runs Hollywood? It's not European Christians. And what they've done is, is made anti-semitism, a term simply to mean anti-zionist supremacism or anti-Jewish supremacism. Not all Jews are supremacists, but most Jews support Jewish tribalism or support Jewish power. They've been propagandized too, by their Jewish leaders. They have been taught to hate gentiles, they have been taught that gentiles are all out to kill them, they have been taught that Jews have to stick together. And because of that racism which is preached to the Jews, and it's preached in modern media, it's preached in our media. ...

By the way, we are taught to feel guilty because the fact that some Europeans did not want to be destroyed by these Jewish bolsheviks.

The Second World War is a good example of that. They were already killing tens of millions of our people. Tens of millions of our people before the Second World War, and we went on the side of the

Bolsheviks in that war, ... Killed 54 million people! That wasn't a good war! That was a destructive war against European mankind. That war that could have been avoided.

[Page 42]

And their leading us right now, ... We are all concerned about what is going on overseas, ... the problem, the real problem we have is not the ISIS threat! We wouldn't even have the ISIS threat, except the fact that organised Jews were the point-men for the propaganda and the direct organisations that controlled the political process, that literally opened our borders.

Jacob Javits, the senator that led, the senator, the Jewish senator that led the fight for the opening of our borders to change our immigration law in, '67 wrote a whole pamphlet, "*Open The Gates*". He didn't, ...

He wasn't talking about opening the gates of Israel. He was talking about opening the gates of America so that the Jewish divide and conquer strategy would do that. That's the fact. There has been a takeover. It is an ethnically driven takeover.

It is not racist. It is certainly not supremacist, for any people on this planet, whether it be Whites, blacks, yellows, anybody to defend themselves from a takeover by a hostile, predatory, group. Now I agree, not all Jews have this ideology, but most Jews are taught intrinsically to help and support other Jews. And Europeans are taught that they should never band together for their own interests. That's because, ...

[Page 43]

Alex Jones: We're going into a break. Long segment coming up and I'm going to come back, ... I've seen people make the same graphs, the same maps, and show Catholics in control of everything, and say they're running everything. I just think, that its corrupt organised crime type systems that are running things. And if we approach it by saying no to organised crime, no to cartels, yes to free market, we can just end this system that's degenerating.

[Commercial break]

Well, where I stand is clear. I'm against totalitarianism, fascism, communism, socialism. Political correct [sic] is a clear and present tyranny and 50 times the threat to liberty of some of the more modern White based fascist movements in this country. And it's taking over and it is bizarre how flamingly corrupt it is. You will not say, "*boy and girl*", you will do as we say. I mean this is like being in a super Jim Jones cult, or something. And it just gets crazier and more vitriolic and more dumbed down and more arrogant. And you can see as the left finally reaches their goals, they are revealing that they do want a great tyranny in this country. But I see that the people that obsess over who runs things, only obsessing over that and never about taking our country and our world back!

[Page 44]

David Duke is our guest and, you know, I'm sitting here talking to him and its just surreal,

... Because he is a smart guy and he is sitting there agreeing where we can agree on things and disagreeing on

others. But it's kind of giving me a headache. And I've got some

important questions I want to ask in a moment, then I'll go to your phone calls. We don't screen them.

1:10:19

Alex Jones: ... We got calls from Germany, Canada, Oregon, New Jersey, Oregon, South Carolina, you name it. We are going to do a little bit of overdrive in the next hour, if the Duke can do it. But, first off, I don't care if you are black, White, Asian or whatever. You are a human being, our bodies, physiologies, are the same.

1:10:37

[ADVERT FOR PROSTATE MEDICINE]

1:12:12

Alex Jones: Look. David, it would be easy for me to take the gloves off with you. You could do it too. We're having somewhat of a

gentlemanly debate, I'll have you back up, if you will do it, to have a debate with someone who really hates your guts, maybe a black

supremacist or some Jewish organisation. But sitting back here, my biggest beef is that you haven't been answering some of my questions when I get into **Planned Parenthood** and how do you square the views of the left that is covertly promoting population reduction.

You wouldn't tell me what Grand Cyclops, Grand Dragon meant. I

mean those are serious questions I want to ask you that. I want to ask you this. Do you defend what the Klan did or do you deny that they lynched innocent black people? Do you deny they did these type of bad things? Because, just because there are other supremacist groups and blacks out murdering Whites, we criticize that and that's horrible, the system uses what the Klan has done...

[Page 45]

David Duke: Let me answer that.

Alex Jones: Yes, go ahead.

David Duke: The answer is, of course I condemn it. I condemn anybody of any group, that would ever kill innocent people or do harm. I would condemn, ... Not only would I not condone it, I would condemn it, absolutely in every regard. And I do believe that there has been... One of the problems with the Klan, ... One reason that I left the Klan, is that anybody can call an organisation and can call it the Ku Klux Klan, and do whatever they want, say whatever terrible

things they want. And I even agree that in some cases you even had government informants in there.

We know that some of the worst events, such as the bombing in Birmingham Alabama, where kids were killed. We know that there were government agents that really led that terrible attack, to discredit people like myself, who do good things. I can't have any control of other groups. That's why I left, because I am not going to be a party in an organisation that I can't at least control. And I'm not going to take blame for things that I would condemn. So that's my answer to that.

Of course I would condemn it like any decent human being. But again, you're not, ... And again. By the way, you're welcome to come on my show, and I'd love to come back and I'd be happy to go into overdrive with you. I'll be here all night as well and I do appreciate the fact that you are giving me a chance to speak and to show what I really stand for. I mean there's a lot of mention of Klan and White supremacy, but obviously what I'm saying here is not White supremacism. It's

nowhere near that. In fact, what it is saying is, ...

[Page 46]

Alex Jones: Sure.

David Duke: ... that every people have a right to be free, have a right to exist and preserve their culture. European Americans and European Canadians and European Europeans are literally

being genocided. The real threat, ... There's no threat to the yellow people, the Chinese people, they are 1.3 billion of them. There will be 1.3 billion Africans.

That's more than Europeans, in the world while Europe and America and White countries are being declined. And I'm telling you. It's not supremacism. It's not racism and hatred to defend yourself from predators.

As you said earlier in the show, if a tribe is being attacked by another tribe, and that tribe wants to kidnap all the women, rape all the women, kill the kids, take over. Put them into slavery, whatever. That tribe has the moral right to defend themselves. And that is what I'm talking about here.

Our people are facing real genocide. We are facing the loss of our own countries. And most Americans, most Americans watching this

broadcast right now, I'm absolutely sure. You are going to have to figure out whether you agree or not. You know the country of our forefathers is being totally rotted out. You know that we are losing our heritage, our values, our traditions. You go into the stores, go into the communities of our society, you don't look like you even belong any more. You go in with stares of hatred against you.

[Page 47]

Now again, I don't blame African Americans. They didn't change the policy. The immigrants did not change the American immigration

policy. The immigrants didn't keep the American government from enforcing our laws like any healthy country would do, enforce their laws. What was done is we have been subverted by another predator, another extremely racist supremacist group. And that is the Jewish extremists. And every major Jewish organisation supports this

destruction of America. They support the Hollywood industry and media which teaches our kids to use drugs which destroys our, ...

Alex Jones: Now you have already said that. Let me ask some other questions and go to some phone calls here.

David Duke: Sure.

1:16:33

Alex Jones: We've already said that. Let me ask another question go to some phone calls here. Look, humans have acted the same in every society, are you saying these problems would not be here if Jews never existed?

David Duke: I think, absolutely, these problems wouldn't be here, except for the fact, not because they existed, but because we let them take over. But they didn't do it openly. They didn't say we are Jews and we are going to control your society. They did it by deceit. And even an intelligent man, if somebody slips poison in his food, he can be killed. And that's exactly what they did with us. They got control, they used their financial wherewithal, by the banks, ... And by the way, one thing I would argue with you. I don't believe in a, the free market philosophy. I believe in a fair market philosophy. I don't, ...

[Page 48]

Alex Jones: Look, I've been around and I mean the Jews I've known...its either liberal or conservative or libertarian. And then they are just like that movement that they support.

David Duke: Listen, we wouldn't have this problem if we had a fair market where a government defended a true free enterprise system.

We have this because of all these international Jewish bankers like Goldman Sachs, like the people that control the Federal, ...

Alex Jones: Well, I'm against crony capitalism.

David Duke: It's not just crony capitalism, it is a capitalism controlled by Jews. When Mr. Ben Shalom Bernanke, who spoke

before Jewish organisations that are extremely supremacist, racist, part of the state of Israel. When he doles out trillions of dollars, which he did, twenty, twenty trillion dollars, by the way, by his own script of his hand and that is reported by Bloomberg News in fact. When he doles that out, if anybody thinks that he is not doling it out, first and foremost to his Jewish brethren, they got to be extremely naive.

That is because we have a free market economy, we don't have a fair market economy. We

don't have a situation, ...

Alex Jones: That's not a fair market economy when we have a private Federal Reserve creating hundreds of trillions in derivatives and doling out twenty trillion, ...

[Page 49]

David Duke: You're right. It's not true freedom. But it's freedom if people can do what they want to, you see. If people have the money to buy our political process, which is the biggest contributor.

Alex Jones: Well that's not a free market, that's a rigged crony capitalist, ...

David Duke: The biggest contributors to the Republican and Democratic party according to the Washington Post are, ...

Alex Jones: Here is what I'm saying, David. I don't think racially based politics, are going to pull anybody out of this, or the Globalists

– that you call the Zionists – would not be pushing it. They control prisons by putting people into racial groups, ...

David Duke: The media is telling Europeans to help stand against this Jewish takeover of society? Let me give you a, one more graphic, this is from Harvard University. Now Harvard is the source of our elite, that's the elite that runs the country, it is like the budding institutions of the American elite, ... Harvard, ...

This country is 70% European American, including 70% of the highest performing students in the United States of America. We built Harvard. Harvard was 100% European Christian institution. It built great institutions. They are the modern American elite. We are now only 20%! That 70% European Christian majority is now 20% at

Harvard. Jews who were 2% of our population are now 25%!

[of Harvard] There are more Jews, at Harvard and the Ivy League, 2% per cent of the population, than there are our 70%. And you tell me there is not racism going on by Jews against us? And that we, the way that this is going on is that they discriminate against European Americans.

They gain control, ...

[Page 50]

Alex Jones: Well David, I'll say this, and then I've got to go to calls.

David Duke: Yes.

Alex Jones: In fairness, there is this paradox, because I truly believe in ideas. And when Martin Luther King said about judging people by the character of what they do.

1:20:06

Alex Jones: In fairness, there is this paradox, because I truly believe in ideas. And when Martin Luther King said about judging people by the character of what they do. I think you probably agree with judging a individual by their character, right?

David Duke: I do.

Alex Jones: Okay. It is true the Democrats, Hollywood, all of it is viciously anti-liberty, viciously anti-freedom, ahh, I think felt dominated by Western culture. Has basically taken it over, the left has.

And wants to destroy it even though they are in control of it. So there is an attitude, and I call it collectiveness, collectiveness garbage that does want to overthrow any original Western institutions. Even though that's the source of the power structure's power. So, I think it's more an act of ceremonial domination, although at a subconscious level than it is anything else regardless of who's running the show. There is freakish racism against Whites now being fronted everywhere. And I

think it's just meant to condition everybody to accept anything. And to accept what is coming in the future.

[Page 51]

David Duke: Well, I agree with you in a sense. And I'll tell you, it's not just the left. It is

also the controlled right. The Republican party has been taken over by, essentially, Jewish communists. This is no joke. Go to my site, ... Because, you, people, ... In fact I'm going to send you a copy of my book, Mr. Jones. You can read it. It's called,

"The Secret Behind Communism". See if I can get this in the camera.

Alex Jones: "The Secret Behind Communism"

David Duke: And what this book does is it documents, ... I went into the archives of the Western [sic] governments, the old communist government. The government now in Russia is anti-communist. It

seems like the Jewish media doesn't know that. That's why they don't like the Russians because they don't have the power over the Russian people that they once had. That's why they hate Russia so much and are trying to get us into wars with Russia and sanctions against Russia.

But this book, literally shows and proves that anybody, a thoughtful person, ... I use Jewish sources, I use mainstream sources. I prove that the Russian revolution, the communist revolution, in fact the

communist movement world wide, ... It was overwhelmingly a Jewish movement. It was a tribalist movement. Leon Trotsky, whose name is Bronstein, ... Lenin was part Jewish, Bredan? ? ? , Kogan? ? ? All the leaders of communist Russia were Jewish, folks. That's the fact! Now they took over communist, and you know what, they have taken over capitalism in the same way. Winston Churchill was, ...

[Page 52]

Alex Jones: I'm not going to get into a debate, ... We have got to go to calls.

David Duke: Let me finish this one point. Before Churchill became an asset of the Rothschilds and help lead us to the most devastating destructive war of all time. It was truly a war against human rights. A war, in fact it gave half of Europe to the Soviet communists. Winston Churchill wrote a big article in 1920, called, "**Zionism versus**

Bolshevism — a struggle for the soul of the Jewish people". And in there he said the Jews are divided between Zionists and Communists.

And how the Jewish communists. He talks about the Jewish control of communism. How they gripped the Russian people by the hair of their head and massacred tens of millions.

[Image] Winston Churchill's 1920 article.

Alex Jones: Now there's no debate that a lot of the leaders of the Bolshevik takeover in 1917 via Lenin and others were Jewish. But Stalin went after him and there were a big purge. So just to say the whole Soviet history was Jewish isn't true.

David Duke: Stalin was one of those collaborators. And he basically, ultimately in the end, realized that these Jews were not going to be loyal to the Russian people and he began to take action against them.

And that's why, I believe we had the Cold War to say the honest to god truth. Because Russia was then, ... Once, once were removed

from their Intelligence apparatus, once they were removed from the Politburo and many of them were at the end of the Second World War it was a matter of time before Russia would free itself of Jewish communism. And that's exactly what happened. But they didn't want a smooth transition like China. That's why the Jews supported Yeltsin who stole the country of the Jews. The Jewish oligarchs took over 50% of the resources of Russia. They tried to turn Russia, ...

[Page 53]

Alex Jones: We got to go to calls. And again earlier you would act like I'm not giving you time. I want to break for calls. We got to take calls.

David Duke: Okay.

Alex Jones: The interview is almost over. The point is, ... And we are going to get folks on that think the Catholics run it all. Oh! You never answered the question about the whole Catholic conspiracy. Because folks have got maps showing that Catholics run everything. Because there are people in all these different power positions, and I just think.

I think it let's people cop out and not take action in their own lives.

Because, I don't have a job because of the Jews. And that's really my problem. Go ahead.

David Duke: Okay, let me answer that question. I can disprove the idea that the Catholics run the world by just looking at the realities of the facts of the thing. It's not the Catholics who own and control the Hollywood destructive media. It's not Catholics who control the international banks. It's not Catholics who control this incredible pro-Zionist policy in the Middle East. In fact the Vatican opposes the Zionist wars in Afghanistan. Which have also killed and maimed hundreds of thousands.

1:25:00

Alex Jones: Do you like the new Pope?

David Duke: I disagree with some of the aspects of the Pope. But I know he doesn't have power. If Catholics really had power you wouldn't have a media, even at Easter talking about pedophilia.

[Page 54]

Right? Constantly. Because they don't talk about the pedophilia and the sexual perversion that dominates the Jewish community. Some Jewish organizations do, thank God! But that's not allowed on our side.

Alex Jones: Well see that's the thing, is that the Jewish community is very, very diverse from my research and experiences. And I just don't,

... I just don't see Jews that are all awake and are part of some conspiracy.

David Duke: No, they are not, ...

Alex Jones: I think there are Jews that are, Republicans, Democrats, libertarians and they are just like the ideologues that are gentiles, right next to them.

David Duke: Jews are overwhelmingly Marxist orientated, but there are some conservative Jews. But, the one thing Jews are not diverse on and that's support of the Jewish tribe. That, the idea that gentiles are out to get them. The idea of helping each other. And that's how they take over society. It's like Harvard. How can two per cent of the country, two per cent, now have twenty five per cent of the students at Harvard, in the Ivy League and the European Americans which are seventy per cent of the best students have only twenty per cent? That is racial discrimination.

[Page 55]

Alex Jones: A lot of that is Jews are really smart, they work hard, they help fund their own organizations. And a lot of gentiles go out and start businesses and make even more money. Then, I know you have a bunch of degrees and stuff. You're proud of that. That's fine. But there's a lot of gentiles I know, if you want to call us gentiles. Who don't care about degrees but are super successful. You know most of the millionaires out there didn't go to college, right?

David Duke: Alex, Mr. Jones, I think that's really a cop out to say that Jews are more intelligent. They are only two per cent of the population.

Alex Jones: Not only more intelligent on average, they are just more into education and are smart.

David Duke: Question please.

Alex Jones: Are you saying that Jews are not smart?

David Duke: Wait. If Jews are really, say more intelligent, ... The truth is that it's not true.

Alex Jones: I didn't say that.

[Page 56]

David Duke: But Presbyterians. Their IQ scores are higher than Jews.

The difference between Presbyterians and Jews, is the fact that Jews have this tribalist, supremacist ideology. Where they help each other and support. That's how they take over institutions. Whereas,

Presbyterians don't do this. That's, that's the difference. And secondly, the real critical issue

here is, if they are more intelligent, then why is seventy per cent of the highest performing students, twenty per cent of Harvard? It's because Jews have taken over

Harvard. They control the Provost, they control the selection. In fact they use this thing called "*diversity*" as a scheme. Because what they do is they throw out the test results. I can prove to people. I have a report on this at davidduke.com.

You can go to my website, davidduke.com, do a search on Harvard and the Ivy League and it shows that Jews are over represented by fourteen times more than their ability warrants. And, by the way, the most outstanding students at Harvard University, with even a lot of Jewish professors in it, ...

The most outstanding students, is Phi Beta Kappa, those of the top performing students. And interestingly enough, even though Jews out number European Americans at Harvard and the Ivy League, the Phi Beta Kappa, ... Fifty five per cent of the recipients after four years of college, of performance, were European Americans. Jews who are 25

per cent of the population of Harvard were only, guess what, eleven per cent! So again, ...

Alex Jones: I know you are into academia. Kind of makes me nauseous, so.

[Page 57]

David Duke: Saying the Jews are smarter, that's the biggest racism and the biggest, kind of supremacism that I've ever said [heard], because they are not smarter. The reason they are in power is because they are more, ...

Alex Jones: I did not say that Jews were smarter. In my experience Jews are pretty smart. Smart in business and stuff like that.

David Duke: Well, what you have suggested, .., they are pretty smart in business. I'm not saying that they are a dumb people. But their power is not based on the fact that they are smarter than all of us.

Look at the tremendous beauty and great achievements of Western civilization, culture, science.

Alex Jones: Now we got to go to calls. I mean this whole thing, ...

David Duke is our guest and you are listening to Infowars Radio and I'm Alex Jones. This whole thing just makes my head hurt. Because I just want to promote the ideals of liberty, across the board. And I want to be able to throw it into the face of the Southern Poverty Law Center

[SPLC] and other people, and I don't sink down to their race based nature. You know, that the Left pushes.

And that's what I'm saying. I want to transcend that and try to promote liberty to everybody and not fall into the race based system.

But it looks like they are pushing it so hard and the Left is so racist, that, at the end of the day it's just going to become that. Because if you are White you won't be able to be in any area that has people that aren't White in it, because you'll be killed. And I guess that's the goal and, I mean, whoever is behind this sure is working.

[Page 58]

David Duke: You are right. That's exactly where we are going. But just remember, the SPLC has attacked you. The ADL has attacked

you. A lot of the power in the media has attacked you. The SPLC is led by Mr. Cohen. That's a "*Cohanin*", that's like the Jewish priest class. The second in command is Mark Potock who is Jewish. The ADL is of course controlled. It says that it's a human rights

organization and it supports the incredible crimes of Israel against the Palestinians, against the Lebanese.

1:30:00

David Duke: And by the way, I want to speak to my Christian brethren too, these so-called Christian Zionists. My goodness, I feel for them, I feel pity for them. That they've been so brainwashed by the Jewish media that they support the Jewish state of Israel which has massacred, murdered, tens of thousands of Christian Palestinians and Christian Lebanese.

Alex Jones: Well, well we gotta go, we gotta go to the calls now, but I'll say this: If the people that are promoting hate laws and hate crime laws are successful, David Duke will be arrested for talking like this. I would be taken off the air. And I want to say this. Whether you agree with this

or find it to be detestable, ... And I find it all to be very very frustrating. We have to understand that they're using political correctness to shut all this down and that's why we need to have the controversial guests on. We need to support the open, free debate and we're going to have people on that disagree with Mr. Duke. And we're going to have people on that are basically, ideologically the same. I mean, look at Nation of Islam. It's like black David Duke, people.

They basically say the same thing, ...

[Page 59]

David Duke: No they're not like black David Duke people.

Alex Jones: ... But from the perspective of black people. Oh, it's almost identical.

David Duke: They're not. I don't say, ... I've never said we should go out and start killing black people or anything like that. Like Nation of Islam has said. So that's just not really accurate.

Alex Jones: Okay, it's a simplification. I'm saying, I'm saying Louis Farrakhan says a lot of the same stuff you say.

David Duke: Well he says some things I agree with. And I agree with any black person that wants to preserve their own heritage. I will come on overdrive. I'm willing to spend whatever time we have.

We've got a lot more to discuss, so let's do it. I'm ready to go.

Alex Jones: Well, we gotta go to these calls and I've got meetings and I gotta run this place and nightly news. So maybe we can go twenty minutes with the next caller.

David Duke: I haven't taken a single call. Let me take some calls.

Alex Jones: Let's go to Deutschland, let's talk to Eric from Germany, via Skype. Uh, you're on the air with David Duke. Go ahead.

[Page 60]

CALLER, ERIC IN GERMANY: Hi, well, it's a really interesting conversation and dialog between you two. It's been fascinating. In the past year, the United States population, 330 million, took on about 100,000 illegal immigrants. While America this year said that

Germany with a population of 80 million is going to take on 400,000

people from North Africa and the Middle East. I was wondering what Dr. Duke thinks about this, and I'd also love to hear his opinion about Vladimir Putin. And lastly, Alex, I love you, man, I listen to you every day. You rant on anti-political correctness. I hate political correctness, but the past hour and a half you've been super politically correct. And so, uh, I just wanted to say that.

David Duke: I appreciate Alex Jones having me on. I really do and it took a courageous act on his part, to do that. Now let me answer the man's question. I travel a lot in Europe, I've spoken at universities all over Europe, both Eastern and Western Europe and, ... Europe is in crisis, just like American. It's got the same leadership. In Germany, for instance, the head of the third largest party is a Jewish communist and again we go right back to that name, [Gregory] "Gysi". And he literally said that he celebrates the fact that Germans aren't having kids. So no more Germans are going to be born, so the Nazis can't come to power. That's how evil the situation we have going on in this country. Now was there one bit of criticism in American about this planned genocide of the German people? Was there one criticism from the controlled politicians in Germany? NO! There wasn't. Because nobody dares criticize the real power in the world and that's Jewish supremacists.

[Page 61]

Alex Jones: All right, caller from Germany, we're going to break.

Thank you for your call. We're going to come back and talk to Kevin, Paul, Lesley, Mark and others that are holding. Here's the kernel of what I want people to get from this last two hours with David Duke. I don't like gangs, I don't like people that organize just based on a flag. I find that generally produces a lot of oppression and tyranny. I'm into ideas. But what's shocking is MSNBC and CNN and the media is more racist and more out of control than David Duke, by far. That shows how much trouble we're in and how mentally ill the left is. That's what's sick here, is that these people want to bring the country down in a race war.

I want to talk to David Duke about, what his time in prison was like.

Because if you disagree with David Duke on a lot of points, like I do, still he was set up by

the IRS and now they're doing this to mainline groups. And that's the point. You let 'em do it to Duke, they can do it to anybody. As he argued, he was thrown in a gulag, like Alexander Solzhenitsyn. But I wanna go to Dan, Kevin, Paul, Mark, Lesley, everybody, in the time we have left here. Uh, let's go ahead and go to Kevin in Canada. You're on the air.

[Page 62]

CALLER, KEVIN IN CANADA: Hey guys, can you hear me okay?

Alex Jones: Yep. Go Ahead.

KEVIN: First off, David, you probably don't know this, but about a week ago Alex had a gentleman on his show, named Storey Musgrave.

During his show, Alex asked him: What's the best way forward for humanity? And which his response was: A One World Government. I would like to ask you the same question. What do you think is the best way forward for humanity?

David Duke: I think the best way forward to, for humanity, is to embrace the true principle of diversity. That is, just as in nature we have biodiversity, we have human diversity. Every people must have the right to preserve their own heritage, to enshrine it. You know, to continue to, to raise it up. Every people has the right to exist. Every people has the right to control their own affairs. The truth is, that humanity is not all one. We are different. We're all human, but we're very different in the way we look, the way we act, the way we feel, the things we want for our society, our religious views. So true freedom is allowing every people to exist and survive. And if that's racism, ...

Muh! I don't know, I don't know what super racism is. The real racists are those who try to control the media in this country, this tiny, tiny minority, who control the discourse, who control the academia, like the Ivy League. Who control broadcasting to a great extent, except, there are some exceptions, like Alex Jones. And I appreciate the many things he does do. And that's the reality, ...

[Page 63]

Alex Jones (interrupting): Oh, come on David! You know, you and your buddies behind the scenes, don't like me!

David Duke: No, listen. I don't have any dislike, ... You let me on.

That's a lot more than I can say for a lot of the mainstream media and that took a lot of courage on your part. And I want to continue. I hope that my academic research, ... In my books – I've got, "*The Secret*

Behind Communism". I'm going to send you a copy of that – and also for your listeners, "*Jewish Supremacism*". This is documented with 600 different citations, which are literally showing the exact proof of what I'm saying. And, I can show you what's in the *Talmud*, the Jewish religious book. How this idea of Jewish supremacy and control of the world, has been around a long time.

1:35:00

David Duke: Ben Gurion? Do you still have that graphic? For this is a good answer to the question, folks. This is the world I don't want right now, I can show you. Ben Gurion. I have a graphic that I sent up to you. Ben Gurion. All right. Ben Gurion in a *Look Magazine* article literally gave his prediction, this is a fact that anybody can prove it.

He literally said that there would be a new, truly United Nations and that Israel will be at the head of this global state. That Israel will build a shrine to the prophets where the whole world will come and worship the Jewish prophets. And that in Israel there would be a Supreme Court of Mankind. They'd abolish all armies and control the world.

Now this is not some obscure Jew, this is the most famous, the most respected Jew in the world.

[Page 64]

If Jews were not working toward this tribal dominance, why didn't they condemn Ben Gurion for this pronouncement of Jewish global dominance? And if you look, look at the banks – you talk about banks every day – and you should. But you look at the bankers, the

Rothschilds, they were not just Rothschilds, they were part and parcel of the leading Jewish community. The Warburgs, the Schiffs – that supported Communism. We can go on and on. The Federal Reserve

bankers that took control and ruined this country. I just don't think it's possible to look at this thing rationally without seeing that there is a tribal connection.

Alex Jones: Man, I just, it's just Jew, Jew, Jew, Jew, Jew. It's like the Catholic thing, or like the media promoting gay, gay, gay. It's just gets old. It's almost like people that are obsessed with this, just have Jew on the brain. It gives me a headache.

David Duke: You're right. I really believe Jewish supremacist power in this world is the key issue to all of it. We wouldn't, ... The gun control groups, overwhelming are led by Jews. The lesbian

transgender groups are led by Jews. You can just keep going on it. The media that keeps, ...

Alex Jones (interrupting) : David Duke is on the show. I tell ya, man I tell ya. This is, ... We're gonna come back with more phone calls.

We'll be back with Dan and others. Stay with us.

[Page 65]

[Commercial break]

Alex Jones: Well, I've a lot of stuff to get done around the office with Nightly News coming up. This is an important debate, we have loaded phone lines for David Duke and I'm Alex Jones.

And I didn't even think of this, but Rob Jacobson is now the oldest employee of InfoWars. He's been here continuously, uh, so he's been here ten years. Rob Jacobson, and of course we get the orders from Tel Aviv and they go through him, ... I'm joking. Rob Jacobson helped make *End Game*, he helped make so many other big films we've produced. He's one of our great video editors. He studies the New World Order. He exposes it and he wants to talk today to David Duke and I don't know if David Duke is scared to talk to a Jewish person.

I'm being sarcastic. He may think he's going to grow vampire fangs or something. But Rob, I didn't even think of this, in fact next time David Duke's on, we ought to get you in here in studio so you can talk to him and you know, uh, make your own points. But, you've studied the Federal Reserve and that's the point I didn't make earlier. That a lot of the people that founded the Federal Reserve – some were Jewish and some weren't. And they ended up funding fascism, the Kaiser Wilhelm Institute – and that's something David said earlier, that no, there's no connection with Nazis trying to take over America. No, I said fascists, the McCormack-Dickstein Committee exposed that.

There was a major pro-Nazi movement here in the U.S., the Bushs were involved and next time Duke comes on we can debate that

further. But, but, ... I need to go to these calls too.

But Rob Jacobson, you wanted to talk to David Duke?

[Page 65]

ROB JACOBSON: Yeah, yeah. I was just curious. Thanks, Alex. Uh, I heard all of this conversation during the radio show today and, you know, Mr. Duke seems to be pretty educated on a lot of parts of the world and you guys were talking about bankers. So I was just curious if you could explain to me which one of these bankers is the Jew? Of maybe the founders, maybe of the guys of the Jekyll Island, you know.

I'll just name them off and as soon as the Jew is there, the hidden guy you know, or whatever. If you you could just educate us.

Is Nelson Aldrich, Jewish? Uh, Mr. Duke.

David Duke: No. I don't think so.

ROB JACOBSON: Okay. How about Abraham Hyatt Andrew?

David Duke: You, ... We want to name some of the Jewish names or are you going to name the gentiles?

ROB JACOBSON: No, I'm just curious, because you seem to think that Jews are almost completely responsible for everything that's wrong with the world that I don't really think, ...

Alex Jones: I think Rob's point is, there is only one guy that's Jewish on the list

[Page 66]

ROB JACOBSON: There is, there is just one guy.

David Duke: Let me answer the question this way, okay?

ROB JACOBSON: Okay.

David Duke: You've talked a lot about the most powerful banking family in the world historically has been the Rothschilds and the six sons of the Rothschilds went to six different countries and led the banking institutions of those countries. In this country the most powerful capitalist banker by far was Jacob Schiff.

1:40:11

David Duke: By far was Jacob Schiff. He literally financed the Russian Revolution and ultimately caused the deaths of tens of million Christians. The Federal Reserve for the last three decades has only had Jewish supremacists, Jewish extremists as head of the Federal Reserve who support all the major Jewish organizations which oppose all the principals that Alex Jones talks about here.

ROB JACOBSON (interrupting): Yeah, But, Mr. Duke, this is not the origin of these plays. You're definitely cherry picking history here to support your side of history. Let's go further, let's talk about the original 1929 big six. Which one of them were Jewish? I mean these are the guys that started...

Alex Jones: Let him answer the question.

[Page 67]

David Duke: Listen, I think Jekyll was set up to try to get in as much of gentile collaborators. There have always been gentile collaborators.

But there's no way to deny the fact that international, the most powerful predator bank on planet earth who practically picks the members of our federal reserve, picks the members of our treasury department, is the biggest contributor for presidents of the United States, both Republicans and Democrats. The biggest single corporate contributor is Goldman Sachs.

ROB JACOBSON: But, this is recent history.

Alex Jones: But, Goldman Sachs is more of a socialist movement.

ROB JACOBSON: This is within the last 25 years or 35 years. This isn't like, uh, deep-rooted stuff.

David Duke: This whole system was set up by the Rothschilds.

ROB JACOBSON: You can say that. But, I mean you could also say that the Rockefellers contributed to that and so did Andrew Mellon and the Carnegie.

Alex Jones: Let me ask you this question. What about the Rockefellers and the Nazis? The Rockefellers worked with the

Rothschilds. In my experience the Rothschilds helped start some stuff in Israel but they just play by the sides. I see the Rothschilds as really just, uh, very sociopathic.

[Page 68]

David Duke: The Rothschilds, by the way, bought off Winston Churchill. As a young boy, they financed his kit [military uniform, etc.] when he went to South Africa. The Rothschilds gave him a huge wedding present to his wife and kids. They were developing Churchill because he was an aristocratic gentile. They know to advance their program they've gotta to have gentiles involved. And Churchill drove Europe into a war, a horrific war, that killed 54 million Americans, excuse me, I mean Europeans, and also caused the take over of half of Europe by Communists which at that time had a lot of Jews involved and they also basically took over the West. This war was a catastrophe. So there are gentile collaborators.

But if Jews don't run the insiders, the elite of the world, then why is it that Israel, ... Israel has a law right now where it's against the law, for a Jew to marry a non-Jew. If any American, any European any

Canadian proposed a law, where it's against the law to marry a Jew, or against the law to marry a non-White person.

Alex Jones: Well, it's like the anchor baby thing. They say guest workers can't marry someone to be able to stay there. We have similar laws here for sham marriages.

David Duke: Let me answer the question. If any country in the European world had tried to pass such a law, if that happened, you know that they would be demonized and they'd practically call for sanctions against that country they'd practically invade them, uh, for that reason. But Israel can do it. So why is it that the only people allowed to preserve their heritage and push for their power over all of us...

[Page 69]

Alex Jones (interrupting): Let me throw this out there because I got corrected on this, because I saw a leftist publication reporting that years ago – then I read deeper into it – they have sham marriages where people pay to get in as a guest worker then they marry someone so they can stay in the country and get welfare. It's the same thing as anchor babies and then the media spins that that it's a race law.

1:45:15

David Duke: Israel is using DNA to determine who there immigrants are going to be. DNA, I mean, my God! Israel is a racist supremacist state. They have segregated schools, segregated development,

segregated housing. They have ethnically cleansed 600,000

Palestinians. They have massacred them, they have burned them, they kill whole neighborhood, right?

ROB JACOBSON: (talking over Duke) yes, but, that doesn't prove,

... A lot of these groups, ... We can talk about every single ethnic group in the world and have similar evidence, ... What you are saying doesn't definitively prove, and you are also not including the place where a lot of these Jewish leaders intermingled with a lot of Catholic and Protestant leaders and a lot of other leaders of the world.

Alex Jones: Let's stop right there. We've got to go to calls. David, I promise I'll have you back and then would you like to debate Rob Jacobson next time you come back?

David Duke: Fine, because I can show, ... Maybe that's the problem why you are not talking about the Jewish issue. Because some of these Jews pretend to be on our side, but they won't recognize Jewish racism. They won't recognize the fact that every major Jewish organization, ...

[Page 70]

ROB JACOBSON: (talking over Duke) that's not fair, what you are saying (everyone shouting over each other) Mr Duke to blow your mind. Because what I'm saying is that I recognize everything you are saying. And I'm saying let's go a step beyond that and look at the true group that is behind this. And that is an intermingling of who you are saying as well as, Catholic and Protestant. All world leaders that intermingle, ...

Alex Jones: Well exactly! It's like the Masonic secret societies have roots in Israel, Babylon, Greece, Rome. And of course the Jewish are allied to it because, because your name is David, David. That's a Jewish name! It's part of our culture.

David Duke: If the Masonics are behind it then, according to your reasoning, ...

Alex Jones: I don't say that.

ROB JACOBSON: Not saying the Masonics specifically. I'm just saying there are groups out there. These people intermingle, ...

Bohemian Grove for example. Ah, these men intermingle every summer and they discuss policy, as well as creative ideas and scientific development, every summer. And yes, there are some Jews that go there. But guess what.

[Page 71]

Alex Jones: And they have had presidents and people who say, more gets done down there as anywhere else. That's all we are saying. And of course there are powerful Jewish lobbies and defense lobbies. We are not debating that. It's just all I ever hear out of people is Jew, Jew, Jew. And they make stuff about me and claim that Jews are running what I do. It's just crazy.

David Duke: I don't think Jews run what you do. I'd like to take some calls. But if you are just going to run over me, I don't need to be here. Let me take some calls from the callers.

Alex Jones: David, we aren't running over you. You have talked as much as we have, ... Rob got to talk maybe three minutes total. You got to talk an hour.

David Duke: Let me respond to what the Jewish individual said here.

He said, oh, there's intermingling and everything else. Why is it, if it is truly not a matter of the supremacism of the Jews and the

international globalists, then why is it. This is the question, an open question. Why is it Israel is the only country on earth right now that allows segregated settlements.

[Page 72]

Alex Jones: And I think that's wrong and that's why you have got calls of apartheid and stuff. And a lot of this, ... Israel, ... (David Duke interrupting). Hey, David Duke, you've been given, ... Let's be clear here today, for the record. You have talked more than I've talked.

You have talked more than anyone else. You keep implying that you are being cut off. You keep implies that you are being run over and it's just not an accurate, truthful statement. You have been given a ton of time here. I want you to stop making those false claims.

David Duke: the audience will judge anyway. I just want some calls!

Alex Jones: I know, I know, all your buddies will bitch and whine because not everyone falls down and worships you. The point is, the fact is you got to talk more than I did, and so stop claiming we are running over you. Because Rob came in here, and you know, talked to you.

David Duke: That's true. After with have the tape we can time it and see. All I know is that a lot of times we had a question, like when he asked a question, I really wasn't allowed to answer. He kept saying about Jews intermingle and all this other stuff. All the major Jewish organizations are promote immigration into America, but they support Israel, which has the strictest immigration policy in the world. How does Israel if the media is truly for open borders?

[Page 73]

Alex Jones: Let's go to calls. Paul in New, ... No, no, this is Dan in Montana. Dan in Montana you are on the air. Go ahead.

DAN FROM MONTANA: Hey this is a great interview. Hi, I want to say. I want to change the channel a little bit and I want to know David Duke's opinion on what's happening in Russia. I know that on his website it's all Zionist, Zionist, Zionist. And I understand, I believe the Zionists to be the globalists and you ought to have the same enemy, but you can't see eye to eye. But I want to know why he never talks about this group, that is, this racist group, that's helping the Ukraine in Kiev. Throwing people out of building in South Ossetia or in Odessa and beating them with clubs.

But we're not getting his take on that. If he was with the nationalist movement here, the White nationalist movement here, then, well why is he not at an intermediary at least having some type of interviews, something going on with the White nationalist there.

1:50:00

Alex Jones: That's another thing: We've got George Soros financing known White supremacists in Ukraine to attack the Russian held areas there in, uh, Eastern Ukraine, there in the Crimea. Undoubted Fascist right-wing heiling Hitler. Why again would George Soros be funding that?

[Page 74]

David Duke: Well, let me answer the question: Very clearly. If you listen to my radio show and by the way, those listening to this show, I'm on every day, Monday through Friday, at 10:00 Central Time, 11:00 Eastern Time, and I've talked no less than about three or four dozen times about Ukraine, about Russia and all what's going on here.

And I think that Russia is a target again going right back to it. Because they dared to stand up for the Syrians and the Christians in Syria and the anti-ISIS forces in Syria. The reason we've supported ISIS, is because Israel saw Syria as an enemy. And the Christians of Syria, as well, who support Assad, who support the government. Because Syria has supported the Palestinians. Same thing's true with the Lebanese.

Alex Jones: (loudly interrupting) But SPEAK TO SOROS AND THE LEFT funding right-wingers (pounding the table) Answer (pound) that (pound) question (pound).

David Duke: Explain why they're anti-Russian. Now. I've also talked about, I've, had many shows...

Alex Jones: (loudly interrupting) Because Soros, this isn't about being Jewish for him. He's a dirt bag who likes to go around doing criminal stuff.

David Duke: It's certainly about being Jewish for Mr. Soros. Mr. Soros is an absolute Jewish supremacist.

[Page 75]

Alex Jones: Why is he funding White Supremacists, then?

David Duke: No, what's he's doing, then, ... They'll support any side if they think they can get their individual tactics. The reason they hate Russia, is because Russia is upsetting their apple

cart in the Middle East. Russia supported the Syrians. Israel doesn't like Syria even though it's not Jihadist. It's not terrorist. There are no terrorists from the Syrian government that have attacked America. Syria is the only country fighting them and Russia has supported them. Russia has stymied the Zionist position in the United Nations, that's why they hate Russia.

Alex Jones: And, they're using White Supremacists as usual. How many, what percentage of White Supremacists or White nationalists do you think are really FBI agents or informants, like Hal Turner?

David Duke: And that's a problem. Because European nationalists can be used by those people, if they don't understand the end game here. I talked about Barbara [Victoria] Nuland, the Jewish under Secretary of State that said "F" Europe, you know. That wanted this war, ...

[Page 76]

Alex Jones: (interrupting) Is Hillary Jewish?

David Duke: What? Hillary's not Jewish but let me tell ya, her and Clinton have taken, ... The newspaper in Israel had a big article, one of the leading Israeli dailies, ...

Alex Jones: (interrupting) Here's my problem. All I know, the Jews I know are fighting GMO [Genetically Modified Organism], they're

fighting tyranny, they're fighting open borders, they're fighting banning the word "*mom*" and "*dad*". I mean, take Matt Drudge, he's Jewish and he fights the whole New World Order agenda. I mean most of the Jews I know are fighting the New World Order. And then all I hear about is how Jews are evil, all day. It just becomes a giant distraction.

David Duke: Do you really believe the media is on the side of bringing out Monsanto? Of course not. The Jewish, ...

Alex Jones: (interrupting) Drudge is linked to our article, fighting Monsanto.

David Duke: There are Jews fighting Monsanto. But the overwhelming Jewish power structure — you don't find any organization like the leading Jewish organizations condemning Monsanto.

[Page 77]

Alex Jones: We gotta go to more calls, we gotta go to more calls.

Nobody's censoring you, we gotta go to calls. Paul in New Jersey, you're on the air, go ahead.

PAUL, IN NEW JERSEY: Hey, good afternoon, gentlemen, yeah, you have a good discussion here. People don't realize we were

Communists before the Communists were in 1913 and we set up the communists right in New York city and sent 'em on a boat, the

Trotskyites, across and right through WW I — so don't touch this railroad here we're gonna take these communists and set up a communist revolution.

Alex Jones: Yep.

PAUL: That's how that started. And the big banksters — what is the biggest ongoing robbery in the history of time? Can you answer that question?

David Duke: Well, I think the Federal Reserve is.

PAUL: Literally. Yeah, they were (garbled) controlled. They get their dollar bills like two cents and they loan 'em back to our government for face value plus interest.

David Duke: You're right

[Page 78]

PAUL: And all the money goes for the income tax they collect, for the unlawful income tax, ...

Alex Jones: There's no doubt we're under bondage and I want to cut past all the names and all the race stuff that the social engineers want us to obsess over and just say, "no more private Federal Reserve", no more end of national sovereignty, get us out of the UN, cut taxes. And then I can sell everybody, whether they're Jewish or German or

Chinese on that, and we can all live happily ever after. I mean that's why some of the corrupt elements in Israel and others have been caught bombing their own synagogues in Iraq to make folks move to Israel. That's not all the Jews doing that, it's corrupt groups. Our elites do the same things. It's like Frank Underwood throwing a brick

through his own window. I mean (pounding the table) it's just human activities, is all I'm saying. Thank you Paul.

Leslie in South Carolina, you're on the air with David Duke, go ahead.

1:55:18

LESLIE FROM SOUTH CAROLINA: Mr Duke I'm enjoying your conversation, but I have to ask you a question. Are you a Christian?

David Duke: Yes I am.

LESLIE: So you've taken Christ into your heart as your savior?

David Duke: Yes I have, ma'am.

LESLIE: Okay, and so have I.

[Page 79]

Alex Jones: And his first name is David! The king of the Jews. The first super Jew!

David Duke: I can't be responsible for my first name. I didn't name myself.

Alex Jones: (laughing)

David Duke: I come from a Christian family and so forth. But I can tell you, I can tell you this, that the truth is that the greatest enemy of Christianity has, from the very beginning, ... You just read the *New Testament* and you'll see it, has been the organized Jewish community. They were the ones, in fact, who crucified Jesus Christ.

Alex Jones: Well the Pharisees were always going after any new group of ideas that came out. That's true. And Christ challenged that.

David Duke: But he didn't want, ... He wasn't preaching Jewish supremacy. That's what the real problem they had with Jesus Christ.

They supported Barabbas, a Jewish revolutionary, a Jewish supremacist rather than Jesus. So that's, that's how, ...

Alex Jones: And see how that turned out, 70 years later with Titus.

Okay Leslie, thank you.

Mark in Oregon, you are on the air with David Duke. We're hurrying now.

[Page 80]

MARK IN OREGON: Hello Alex and David. Please let me preface this short one minute statement that I have.

Alex Jones: Yes, go ahead.

MARK: By saying that actually I was born a Torah Jew as opposed to a satanic Talmudic Jew, a non-jew actually, and I was raised as such.

Now, as usual, when I hear disagreements among the alternative patriot Christian movement and media, I notice that the areas are much smaller than the areas of commonality, which are potentially massive and power (ful) when pro-actively united. Now Tex Marrs, gentlemen. He has researched genetic studies of the population of the country of Israel. What concluded that only four per cent of the population of country of Israel have Jewish blood. This of course brings up this massive element, elephant, in this particular room of discussion.

In the near future I think you should both elucidate upon the topic of the Khazarian aspect of, as Jesus Christ called them, you Jews who are not Jews. The son of God of Satan. You are of your father the devil.

These Zionist Khazarians are whom David speaks of, and they of whom the Rothschilds are a part do at least, ...

[Page 81]

Alex Jones: I have seen, .. I had to jump Mark, but I appreciate your call.

Undoubtedly the Sephardic Jews, clearly are the people the are the oldest bloodline there. I think David would argue, that no, all these people are Jewish.

David, briefly, what's your take on the, then I want to get Jacobson's take.

David Duke: Well, all I want to say, and I got to preface this by saying that I love Tex Marrs. I think he's a great and honest and wonderful Christian man. I do have a disagreement with him on that particular, ... There has been huge genetic studies that Christian, ...

Jews in Russia are six times closer genetically to Jews who are Sephardic. These are Ashkenazi Jews. Sephardic Jews in, say, Spain, than they are from, say, fellow Russians.

And the truth is the *Talmud*, ... You talked of the satanic *Talmud* and the Jewish establishment. Just don't forget that the *Talmud* was finally codified in the sixth century AD. That was hundreds of years before the alleged Khazaric conversion. So I used to believe in the Khazarian theory, but I don't [now] believe in it. And I don't think most of those who are promoting the theory, and a lot of our people have done so not knowing the truth, have promoted it and it's actually beneficial to them [Jews]. It's trying to say, we are not the real Jews. But Judaism and the Jews have really been an enemy of Jesus Christ. They have been an enemy of the rest of mankind for a long time. The *Talmud*, ...

[Page 82]

Alex Jones: You have to end it right there. I'm sorry to the other callers. I want to give Rob Jacobson, the evil person, and I'm being sarcastic, a return comment to you, and you can say something back to him. Go ahead, Jacobson.

ROB JACOBSON: Umm, when it comes to that history of the

Jewish people I don't know that much, but what I am aware of is of course is like any other group, I, ... There's going to be a corruption of people, you know, who rise to the top and an elite of this group who do dirty corrupt things for their own benefit, just like any other group.

But what I want to, ... I did notice about Mr. Duke's response, is that he did find a convenient way, of course, to dismiss whatever history there is.

You know, [I] go along with his entire dialogue again, you know, without even, you know, without, ... Oh, I don't believe it, it's not this.

And I think that kind of rhetoric and that kind of discussion, is, should be also taken into account, ... In fact, ...

Alex Jones: All right, Duke will come back. Jacobson and you will be able in thirty minutes to actually debate him on the points. And maybe Duke can recommend who we can have on to debate with him.

But David Duke, I think it was an interesting interview today. Two and a half hours we spent with you. Lots of plugs of you. But you'll get to be the victim and claim I censored you, ...

David Duke: Tomorrow at ten o'clock, ...

Alex Jones: All right, so there you go. David Duke, very wolf like.

Nice little friendly wolfie. My, what big eyes he has.

We'll out of time folks. God bless you all.
