Donald Trump:

“Goldman Sachs owns them! Remember that folks! They own him!”

David Duke: Is Donald Trump right about Ted Cruz? And how much power do the billionaires of finance and media have in politics, party's candidates and government?

I know the realities of politics. I'm David Duke. I'm a former elected Republican member of the House of Representatives in Louisiana. and I did something almost impossible! As a Republican I defeated an incumbent Republican Governor and I was way out-spent.

Today I exercise my fundamental human right of free speech and the right of every American to express his political opinion in this vital election for the next president of the United States. I say things few in politics would dare say. Not even, Donald Trump!

There are those who seek to ban free speech. Even political free speech. But I have the right to say it. And you have the right to hear it! Today I speak about Donald Trump Ted Cruz and Goldman Sachs.

And who controls America. For complete documentation of everything I say, you can go to [David](#)

Duke.com. My website.

As George Orwell said so prophetically:

*“At a time of universal deceit. Telling the truth is a revolutionary act.”*

**Duke:** Donald Trump states that Ted Cruz is owned by Goldman Sachs. If true that's important, because Goldman Sachs is the world's largest criminal bank. And because it's been the biggest single corporate contributor of both the Democrat and Republican Parties.

Barrack Obama and Republican nominee Mitt Romney, both had their biggest contributor. Goldman Sachs. It's the apex of the establishment. An establishment that's leading America Europe and much of the world to disaster.

Cruz tells us he's an anti-establishment politician. But Trump exposed Cruz as a complete fake. Subservient to the tribal oligarch that rules us. He's the perfect Republican counterpart to Hillary, on the Democratic side. She poses as a progressive on the side of the common man.

But she, too, like Cruz, is a well paid political prostitute of the oligarchs of money and media who rule over us, and falsely tell us we live in a democracy.

We don't live in a democracy; we live in an oligarchy. America is ruled by a small oligarchy which controls mega-money and the driven world of politics, media, and the globalist banks.

Goldman Sachs played a key role in the mortgage bubble, that financially devastated millions of Americans — as well as even entire nations. Its criminal bosses are [the] tribal Zionists, Blankfein and Cohen.

It has been owned and controlled by members of the same tribe for the entire 155 years of its existence. Historically, it's only rivaled by the legendary Rothschild family. It is the shark in America's political swimming pool.

Its jaws hold two rows of massive teeth that are the source of its power — money and media. And it devours American politicians and gets fat from them. And then the beast serves an agenda that enriches itself and its elite — the Tribe — but is catastrophic to everyone else.

05:08

One of my favorite quotes is by Rolling Stone's writer, Matt Taibbi, who, after studying the massive crimes of Goldman Sachs, wrote:

*“The first thing you need to know about Goldman Sachs is that it's everywhere. The world's most powerful investment bank is a great vampire squid, wrapped around the face of humanity, relentlessly jamming its blood funnel into anything that smells like money. In fact, the history of the recent financial crisis, which doubles as a history of the rapid decline and fall of the suddenly swindled, dry, American empire, reads like a Who's Who of Goldman Sachs graduates.”*

Now, here's more of Trump exposing Cruz as a fake, who plays like he's a hero of the middle class, but actually is completely in the back pockets of Goldman Sachs:

*“He said he was going to sell assets to run for the Senate, ... [but] that's not what he did. He borrowed money from Goldman Sachs but he never put [it] in his personal Financial Disclosure form, ... What he wanted to do is say 'I will protect you from Goldman Sachs, and I will protect you for the base, because I'm Robin Hood, and I'm this wonderful senator, and I'm going to protect you [from] these banks,' and [yet] he's borrowing money from the banks! And, by the way, he [has] personal guarantees and [received] low-interest loans. And now he's going to go after Goldman Sachs?”*

It doesn't work that way. Goldman Sachs owns him! ... Remember that folks, they own him. Because what he wanted to do is say, 'I will protect you from Goldman Sachs'. And what he did was wrong, because he didn't want you to know, ... because it puts him down that he's just like all the other guys. And now everyone would say, 'Oh he just wanted to protect us'. What's he going to do, be rough on Goldman Sachs, when he has a personal guarantee for whatever the number was? A million dollars?"

Like all the Republican and Democratic candidates, Cruz pretends to be against big banks like Goldman Sachs, but it turns out that on the sworn campaign finance forms, he left out the giant, sweet-heart loans he got from Goldman Sachs – that he used to buy his Senate seat.

Don't worry, though; it was just a little oversight — an "inadvertent filing error!"

Cruz being interviewed:

"If it was a case of them not being filed as the FCC requires, then we will just have to amend the filing."

"A technical and inadvertent filing error, ..."

Yeah, right! But the evidence is that he has tried to downplay his deep ties to Goldman Sachs through his wife every chance he could — [and] long before this latest scandal.

Cruz was on the Bloomberg network, which is owned by Michael Bloomberg — the thirteenth richest man on earth. He bears more financial resemblance to Goldman Sachs than the tribal similarity of his name, to Golman and Sachs and current bosses, Blankfein and Cohen.

Lo and behold, it turns out that Bloomberg amassed his ungodly wealth the same way Goldman Sachs and Mr. Blankfein did — he became a mega, Zionist banker. And like so many others of his Tribe, he later used his ill-begotten wealth to also become a media mogul.

Bloomberg is a perfect illustration of the subversion of the Republican party: he is pro amnesty, pro big banks, and pro open borders, and spends tens of millions of dollars trying to take away your constitutional gun rights.

Typical Republican or Democrat man on the street, right?

However, those expenditures are tiny compared to the hundreds of millions of dollars he's given in support of Jewish-Zionist causes — the Zionist state of Israel, and what they refer to as the "*Jewish global agenda.*"

Bloomberg's network was actually vetting Cruz to see if he was really an enemy of the banking media.

Listen:

Interviewer:

"*Goldman Sachs, on balance, are they a force in our society, a positive force or negative force, on balance?*"

Cruz:

"*Oh, like any institution, there's some of both. I think big business, if they're building a better mouse-trap — great!*"

Duke: They goad Cruz [with asking]:

"is Goldman Sachs a positive or negative force?"

Cruz answers;

"like any institution, there's some of both."

Duke: "Like any institution?" As if Goldman Sachs is like "any institution!"

This is how a disgusting Zionist shill, in a Zionist controlled city, on [the] Zionist Bloomberg network, describes a Zionist criminal bank which [has stolen] trillions of dollars over the decades — a criminal company, that financially devastates tens of millions of people, and which has bribed and corrupted the highest levels of the American government.

10:04

Cruz goes on to tell us how it's so great that Goldman Sachs "built a better mousetrap." But he doesn't mention the millions of Americans who have been caught in Goldman's trap and were devoured by these disgusting rats.

Cruz:

"And I think they're entitled to practice their business but without subsidies or benefits."

Cruz tells them that the firm is wonderful, but it shouldn't be getting subsidies. Yeah. That's the only problem with firms like Goldman Sachs. You get subsidies. Who cares if Goldman Sachs stole trillions from the American people?

Now Trump didn't even mention that Cruz's wife is a vice president of Goldman Sachs with an estimated salary of more than a half a million dollars a year. As V.P. of this richest and most corrupt criminal banking house on earth!

The Rothschilds of the modern age. Bloomberg never asked the logical question — the fact your wife is getting huge sums of money from one of the most powerful banks on earth — one with a record of fraud. Don't you have a conflict of interest when you vote on the many laws that affect the bottom line of Goldman Sachs?

You see, not only did Cruz try to hide the massive loan from Goldman-Sachs, he listed his wife's occupation as a **baker!** Not a **banker**. A baker might be accurate as he and his Goldman Sachs wife are cooking up a lot of half-baked lies.

Interviewer:

"You did a lovely job of talking about your wife Heidi's biography as a baker. You didn't mention her working for Goldman Sachs. Are you unabashedly proud of what you did?"

Cruz:

"I am and I am unabashedly proud."

**Duke:** How would it be if his wife was a cohort of the big Zionist player and mega thief, Bernie Madoff who stole billions. The truth is the Goldman Sachs has ruined millions more people's lives than Bernie Madoff ever did.

Interviewer:

"The kitchen table in this fabulous penthouse apartment and Ruth would talk about the Gentiles being responsible for this.

Told that one of his victims had committed suicide, Madoff's reaction was:

"Well that guy couldn't pick a stock if his life depended on it."

It was almost as if he blamed the victim. He's weak."

Duke: There's another little secret about he and his wife that Cruz wants hidden. How many conservatives know that Cruz's wife was a founding member of the task force trying to erase America's border with Mexico and Canada, and create the North American Union?

Watch this. This is in the US Senate:

Cruz:

“If this amendment is adopted to the current bill, the effect would be that those eleven million under this current bill would still be eligible for R.P.I. status. They would still be eligible for legal status. And indeed under the terms of the bill they would be eligible for L.P.R. status as well.

So they are out of the shadows. Which the proponents of this bill repeatedly point to as their principal objective — to provide a legal status for those who are here illegally — to be out of the shadows. This amendment would allow that to happen.

Everyone here views it is quite likely this committee will choose to reject this amendment. In my view that decision will make it much more likely that this entire bill will fail in the House of Representatives. I don't want immigration reform to fail I want immigration reform to pass.

*And so I would urge people of good faith on both sides of the aisle — if the objective is to pass commonsense immigration reform — and that allows those who are here illegally to come in and out of the shadows.*

*Then we should look for areas of bipartisan agreement and compromise to come together and this amendment — I believe if this amendment were to pass. The chances of this bill passing into law would increase dramatically.”*

Duke: Of course, once legalized they would eventually get to be citizens.

14:57

And this guy has the nerve to call himself a “*conservative*”. He's a conman folks. A True “*con-servative*”!

Or a better term is, “*cuckservative*”. If you don't know what that means look up the word, “*cuckold*” and you'll understand. He sold out everything important to us.

Cruz epitomizes all that's wrong with the Republican Party. And the Democratic Party of this nation. Before progressives smirk at Zionist control of Republicans. Look at your standard bearers for the last couple of decades. Bill, Hillary and Obama.

Not only was Goldman Sachs Obama's biggest corporate contributor, his top handler was David Axelrod. A famous political hit man for Israel. And he was so deeply their asset that they called Obama, “*The First Jewish President*”.

Hillary got a neat little bribe of over six hundred thousand dollars in her own personal greedy little bank account for making three, one hour speeches for Blankfein and Goldman Sachs.

Now that's one high priced political whore. But when you think about it, Blankfein must be a satisfied customer. Buying the preemptive President of the United States for six hundred thousand bucks. Now that's a deal.

Here's a short excerpt of a documentary I did called, “***CNN, Goldman Sachs and the Zio Matrix***” that shows how Zio tribalism combines both money and media to serve each other and control American politics in both Republican and Democratic Party.

**Video (Duke):** And you can be sure he can be depended on to cover up Zionist crimes, even Israeli terrorism against America. Do watch my documentary, “***Israeli Terrorism Against America***”.

And the media bosses also cover up the huge financial crimes against the United States by the Zio Club Fed and the predator Zio banks like Goldman Sachs.

Now let me give an example of how the Zio cover up works. The real boss of CNN is not Jeff "Zio-uker".

It's the biggest owner of Time Warner. Who is that you might ask? The media doesn't talk about a much. It's Aviv Nevo. Time Warner's biggest stockholder. He's actually an Israeli citizen.

But here's the kicker. Not long ago, Nevo, the largest stockholder of Time Warner, was also the largest stockholder of Goldman Sachs.

It is an unholy tribal alliance between the media and the Zio criminal banks. The tri-matrix of power is media, finance and politics.

Now who do you think was the biggest corporate contributor in both the 2008 and 2012 election for U.S. president? Yep, that's Goldman Sachs.

One of the first acts of Zio Obama in 2008 as new president was to appoint zio tribalist, Mary Shapiro, to head the Security Exchange Commission. The new president.

The SCC is supposed to be a watchdog on criminal banks such as Goldman Sachs. Goldman Sachs is a key bank in the mortgage security fraud that devastated the United States and world economy.

That devastated the lives of hundreds of millions of people in America and around the world. It cost millions of jobs! Wrecked millions of pensions and lives. Cast millions of elderly in the poverty.

Goldman Sachs was caught red handed stealing millions. The tribalist Mary Sharpiro, along with a brand new appointed head of the FCC, Elisse Walter, whose bio[graphy] says she works for an international Jewish women's group.

But they worked out a sweetheart deal with the head of the Criminal Division of the Justice Department. The person who's supposed to prosecute Goldman Sachs., ... He was a Zio tribe member, Manning Goyer and he left the Goldman Sachs criminals off the hook.

Finally, the New York judge overseeing the whole thing was Zio judge, Jeff Rakoff.

So Zio Blankfein, Cohen and Nevo of Goldman Sachs steal billions of dollars. The government watchdog is a Zio. The federal prosecutor, Zio. The judge overseeing the whole thing is Zio.

And the *New York Times* is the biggest media reporting on it, is Zio, including Time Warner, which runs *Time* magazine and **CNN**, ...

They are all Zio media. As I pointed out the biggest owner of Time Warner, also had the biggest ownership of Goldman Sachs. It's really hard to believe the breathtaking influence of these tribalist Zionists.

Now how do they get away with all this you might ask? Well, when you control the media, you can get away with just about anything. Israel does. The Zio banksters, like Goldman Sachs get away with the biggest criminal theft in the history of humanity.

20:10

And if you think the other major media conglomerates aren't Zio controlled, think again. Time Warner is number three.

Number one is Disney, which was essentially taken over from Walt Disney like they took over Palestine and the Palestinians.

First by Esiner and then by Eiger, both super Zionists. And the second biggest media conglomerate in the world is Viacom.

Which is owned by Sumner Redstone who changed his name from Rothstein. You might as well call it Ziocom, not Viacom.

So do you see how the Zio matrix of power fits together?

Now let's go into the politics a little bit more. The Zio media anoints the politicians that do their bidding. Zio money controls the politics that enables the Zio banking theft. The **Washington Post**, another Zio publication, writes over fifty percent of American campaign financing comes from, quote, Jewish sources. They control the politicians and in turn the politicians protect the Zio criminal banks that steal trillions. Zio media, Zio banking and Zio politics form a tri-matrix of power. Each Zio finger supports the other Zio finger of influence. Ultimately, the fingers clench in an iron fist of Zio supremacy.

**Duke:** As shown in the video the top three. Mega media conglomerates our own and run by Jewish Zionists. Just as much as they control Goldman Sachs. The media constantly tells us that the real controllers of politics are big oil or the military industrial complex or weapons companies.

But the truth is they are tiny fleas compared to the Zio big dog. Look at the mega money super PACs folks. Big oil is like at the bottom of the list and the biggest players are almost always finance and media.

It's not big oil folks. It's big Zionism! The most powerful lobby in America is the Israeli lobby or more accurately, the Jewish lobby. It's the one lobby no one in Congress can oppose. A lobby for a foreign country by the way.

And the biggest political donate them all of American politics is Sheldon Adelson.

And he concentrates and Republicans. Even the very Jewish, **New Yorker** magazine admits his power to buy the next election for president of the United States.

Now thankfully not all Jews are tribalists and Zionists. And those who are not should be praised. Uri Avnery is a former member of Israel's Knesset and he had the courage to expose the treason going on in America.

Listen to his words on the Jewish Zionist billionaire casino gangster Sheldon Adelson and about the craven Republicans who want to be president:

*"It was a shameless exhibition. The politicians grovel before the casino lord. Flanked by Israeli bodyguards, Adelson grilled the American hopefuls.*

*And what was he demanding from the future president of the United States? First of all, about everything else, blind and unconditional obedience to the government of another state. Israel!*

*Here we have a Jew straight out of the pages of **The Protocols of the Elders of Zion** trying to appoint the ruler of the mightiest country on the planet. A billionaire this not so made a fortune for a presidential candidate for nothing."*

— Former Israel Knesset Member Uri Avnery

**Duke:** I know that Trump gives lip service to Israel. But Trump does so many things they hate. Take for example, when he went to a meeting of the Jewish Republican Coalition. A coalition, by the way, that is obviously about parading Jewish political interests and power.

Isn't that a way of flexing their muscle saying: "You've got to do what we want"?  
Could you imagine for one minute, the "Gentile Republican Coalition"?

The media would paint that as the ultimate evil, wouldn't they! Now listen to Trump saying they won't support him because he won't take their money.

And they don't want anyone who they can't control!

**Trump:**

*"I'm in a different position than the other candidates because, I'm the one candidate — I don't want any of your money!"*

*And I know why you are not going to support me. You know, you're not going to support me because I don't want your money.*

*Which means he's control totally! Totally controlled by the people that gave him the money!*

*That's why you don't want to give me money, OK! But that's OK! You want to control your own politician.*

25:00

Duke: I have stood up against the Zionist Oligarchs my whole life. My campaigns refused every penny of PAC money.

I thought I would never, ever, hear any major candidate, other than myself, tell the Jewish Coalition and their megabucks to go to hell. But he didn't want their money!

The Zionist neoconservatives, with the help of Jewish money, took over the elite of the Republican party a long time ago, just as they did the Democrats!

But rank and file Republicans are a big problem for them. They are the same voters that voted for me, overwhelmingly, to be their U.S. Senator and Governor, and even voted out the incumbent establishment Republican Governor of Louisiana, in my favor.

I became the Republican standard bearer of my state, just as Trump may well be the standard bearer of the Republican Party. That's a nightmare for them!

The Zio-led Republican insiders and the Zio-media was so desperate to defeat me they supported a corrupt Democrat and their slogan was:

*"Vote for the crook, it's important."*

And now they are doing the same thing to Donald Trump. Jewish Neocons, like Bill Kristol of ***The Weekly Standard*** and Jonah Goldberg, Senior Editor of ***National Review***, Mortimer Zuckerman of the [***Philadelphia***] ***Daily News*** all say they even prefer Hillary to Trump!

Trump has succeeded in uniting the real ultimate rulers of the establishment of both Parties — both Jewish Liberals and Jewish conservatives in their own tribal interest and agenda.

They even compare Trump to me. An article in the Zuckerman's ***Daily News*** called Trump:

*"Even worse than David Duke!"*

I guess I should be insulted because, if these oligarchs say Donald Trump is worse than I am, what they're really saying is he's better than I am. I'd love it to be so, but time will tell on that one.

And Jewish pundits across America are saying that they must defeat Donald Trump no matter what. The same way that they did it to me.

And Jewish pundits across America are saying that they must defeat Donald Trump no matter what. The same way that they did it to me.

Why does the Jewish establishment so hate Trump? Of course the answer is that he's the only one, the only candidate who's really different. The rest of them are all the same.

Rubio, for instance, is backed by billionaire Zionist, Paul Singer. Bush, I could go on and on. Cruz we've already covered. And the Democrats — Clinton — might as well move to Israel, as should Cruz.

Even Sanders, with his Communist ideology is not attacked as savagely in the media as is Donald Trump.

After all — remember — Bernie's one of the boys, and blood is a lot thicker than water. Bernie has voted for almost every Bill giving billions of your dollars to Israel.

Other than Trump, all candidates are somewhat acceptable to the Zio Bankers and the Zio Media — the true elite establishment of America.

Only Donald Trump earns their outright hatred.

Only Donald Trump earns their outright hatred. I am not endorsing Donald Trump, at least not yet.

But maybe, just maybe, Donald Trump will be the first president in my lifetime to put America first. First over the foreign state of Israel and over the Zionist globalist agenda.

The Zionist oligarchs are so desperate to stop Trump, that they even back a disgusting phony conservative, hypocrite, like Cruz. It's their divide and conquer strategy.

Fellow Republicans, whatever you do, expose Cruz and keep on fighting for our America, rather than the criminals of Goldman Sachs and the Zionist Oligarchy that is destroying the America and the Europe that we love.

Don't fall for it. With Cruz you lose!

Thanks being with me and be sure to watch the complete video, "***CNN, Goldman Sachs and the Zio Matrix of Power***". It has millions of views in many languages and an over 95 percent positive rating!
